07/05/2016

Congratulations!

Based on your academic standing, you have qualified for our New BS/MBA Program which provides our students the opportunity to **complete both your BS and MBA in only five years.**

The BS (Engg/CompSci)/MBA program is designed for our undergraduate Engineering and Computer Science students to obtain a bachelor's degree in four years and an MBA degree in just one additional year. Upon completion, students will have mastery of technical and managerial skills and a competitive advantage in their industry.

As you are already admitted into the College of Engineering and Computer Science, you will need only to complete a simple one page interest form, providing us with your contact information and a 500 word minimum Statement of Purpose.

Please find the form enclosed for your convenience and please complete your Statement of Purpose on a separate sheet of paper. You can scan the application and accompanying pages and email them back to me or walk them in for review - my information is below.

We will be hosting an information session for those interested in this program on Saturday August 6th 2016. Information and RSVP requests regarding this event will be sent directly to your email, so please be sure to check your inbox as the date draws closer.

This program is the first of its kind with a combined curriculum here at California State University, Fullerton and we are very excited for you to be a part of it! If you have any questions, please feel free to contact me.

Sincerely,

Angelic Rubalcava
