Giving with Grace

TOURING GEORGIA GRAVIS HOUSE

Giving with Grace is very excited about our partnership with Georgia Travis House. After our tour of the facility, we gained a deeper appreciation for the services they provide. As soon as the threshold is crossed, it is clear Georgia Travis House is more than just temporary shelter for the women and children within its walls.

Each area of the facility is immaculate, graced with inviting colors, beautiful murals and special areas designated for children, including a wonderful playground and private outdoor structure designed to promote one on one learning in a child friendly environment.

The modest living spaces provide privacy and give occupants the option of personalizing their space to meet their needs. The dining hall is spacious and sparkling, the common areas are well organized and the staff is courteous and professional.

Giving with Grace always strives to make a difference and foster the dignity and wellbeing of members of the community, regardless of their circumstances. We thank Georgia Travis House for opening the door to another opportunity to extend our hands and Give with Grace.

ARE YOU INTERESTED?

Please let us know if you are interested in hosting a home event, providing a monetary gift or in volunteer opportunities. All are wonderful ways of experiencing and sharing the joy of giving.

OUR MISSION

To seek creative and non-traditional experiences of giving from the heart by rallying together volunteers to serve and address an expressed need.

GwG Spotlight

FAYE MELLOS

Membership Chair
Zonta e-Club of Silicon Valley

Faye has been a loyal supporter of GwG, both personally and by introducing us to the generous and caring Zonta family. We thank her and we wanted to share her thoughts about GwG with you.

"I love to support new ventures that care for people in a non-partisan way. Empowering women has been my passion since college. These women are genuinely trying to make a difference for all. I support Giving With Grace as I believe in the kind way that they are going about this. Truly a model for all of us. Be kind, give back and help those in need."

MAKING EDUCATION A PRIORITY

With your support, GwG improved the educational resources available to children confined to the Lucile Packard Children's Hospital (LPCH) with a donation of school supplies. This included pens, pencils, note pads, crayons and construction paper, plus \$250 for replenishing the stock. We received a wonderful gift in return; the pleasure of knowing a simple gesture will give the 140 school age children served by LPCH at any given time and their dedicated teachers, tools to enhance their learning experience.
