

# Approved Colors for Albany Park Subdivision

**167 Bordeaux**

**166 Midnight Blue**

**122 Midnight Green**

**018 Tuxedo Grey**

**002 Black**

**Paint is available at Pittsburgh Paints, the paint supplier for Dominion Homes. The closest Pittsburgh Paints location is 5548 North Hamilton Road (in front of the Preserve). Please indicate you are requiring paint for a Dominion-built home and it needs to match the above shutter colors.**

Please use flat paints for shutters, house trim, and mailbox pole. Should you decide to paint shutters, a bonding agent such as E-B Emulsa-Bond should be added to ensure proper adhesion. Semi-gloss paint is recommended for the front door. Shutters and door must match in color. NOTE: It may be easier and less expensive and/or time consuming to obtain replacements, using the same style vinyl shutters.

New, approved shutters are available through APCO Industries, 777 Michigan Avenue, Columbus, Ohio 43215, (614)224-3186. They may or may not be available at home improvement stores such as Lowes or Home Depot.

Shutter length may vary depending on your windows. Please ensure any new shutters match your existing shutter dimensions.
