Angels Camp

Our thanks to Melissa Eades for bringing us up to date on the city of Angels Camp.

Melissa, formerly with COG, is the City Manager and told us that they are currently working on the budget, and they are facing the same issues as the Calaveras County Supervisors. Too many expenses and not enough income.

Utility fees are the number 1 income source for the City and TOT the 2nd highest source. However, there is downward trend with visitors, so that source is decreasing.

With regard to expenses, employment costs are increasing, and the city is facing cutbacks in staff.

She said that they will be placing a measure on the ballot to increase sales tax to 7 3/4%

If you would like to know more about Rotary, we invite you to attend our meeting on July 26th.

Rotary District Governor, Judy Lovett will be the guest speaker.

Learn how you can get involved in community and international projects.

Thought For The Day

When the government fears the people, you have liberty.

When the people fear the government, you have tyranny.
