

Day 1 Thursday 17th November 2016

Time	Topic	Speaker
08:00 – 08:30	Registration & Breakfast	
08:30 – 08:45	Welcome Remarks	Dr. Mohamed Al-Olama, UAE
08:45 – 09:00	Course Introduction & Objectives	Prof. K Singh Sahni, USA
	Session 1	Moderators: Prof. K Sahni, Prof. Faisal
09:00 – 09:40	Management of Facial Pain Syndrome: Diagnosis and Medical Treatment	Prof. Faisal Al Otaibi, KSA
09:40 – 10:15	TMJ dysfunction Syndrome	Dr. Khaled Ghandour, UAE
10:15-10:35	Coffee Break & Socializing	
10:35 – 11:00	Abstracts: Retrogasserian Balloon Compression for Treatment of Trigeminal Neuralgia, Series of 990 Patients	Prof. Guenane Lakhdar, Algeria
11:00 – 12:00	VIP Introduction	Dr. Mohamed Al-Olama, UAE
12:00 – 13:00	Contemporary Neurosurgical Treatment of Trigeminal Neuralgia in USA, MVD, Glycerol Rhizolysis and Gamma Knife treatment	Prof. K Singh Sahni, USA
13:00-14:00	Lunch Break	
	Session 2	Moderators: Prof. Guus, Dr. Abdulla Qassim
14:00 – 14:40	Modern Surgical Treatment of Trigeminal Neuralgia, MVD and Neuromodulation. Netherland experience	Dr. Guus Beute, Netherland
14:40 – 15:10	Current Management of Headaches Syndromes in UAE	Dr. Abubaker Almadani, UAE
15:10 – 15:15	Current Surgical treatment of trigeminal neuralgia in UAE	Dr. Mohamed Al-Olama, UAE Dr. Abdulla Qassim, UAE
15:15 – 16:00	Open Forum	All Speakers
16:00 – 19:00	Work Shops. For how do I do it sessions:	
	MVD, Gamma Knife and Percutaneous procedures	Dr. Mohamed Al-Olama, UAE Dr. Abdulla Quassim,UAE Dr. Guus Beute, Netherland Prof. K Singh Sahni, USA Dr Abubaker Almadani, UAE

Workshop

Time	Room: Subject	Moderators
16:00-17:45	Room 1 : Microvascular decompression	Dr. Mohamed Al-Olama / Dr. Abdulla Qassim , UAE
16:00-17:45	Room 2 : Gamma Knife Planning	Prof. K Singh Sahni, USA
16:00-17:45	Room 3 : Percutaneous procedures	Dr. Guus Beute, Netherland
16:00-17:45	Room 4 : Hands on skill in Neurological Botox	Dr Abubaker Almadani, UAE

Day 2 Friday 18th November 2016

Time	Topic	Speaker
07:00-08:00	Registration	
	First Session: Neuro-oncology	Moderators: Prof. Abdulrahman Al anazi, Prof. Imad Kanaan
08:00-08:15	Molecular based therapy for brain tumors.	Dr. Gokul Sathyarathnam, UAE
08:15-08:30	Surgical management of Glioblastoma: Tailoring the most suitable treatment to a given patient.	Dr. Dominic Venne, UAE
08:30-08:45	Extended Endonasal Approaches for Skull Base. Cairo University Experience	Dr Amr K. Elsamman, Egypt
08.45-09:00	Contemporary approaches for brain tumor resection: Neuromonitoring and Minimally invasive techniques.	Dr. Florian Roser, UAE
09:00-09:15	Awake brain surgery, Basics.	Prof. Faisal Alotaibi, KSA
09.15-09:30	Treatment of benign and malignant brain tumors treated with Gamma knife (Experience with 2000 patients in Virginia, USA.)	Prof. K Singh Sahni, USA
09:30-10:00	Coffee Break and Socializing	
10:00-10:15	Pituitary adenomas	Prof. Imad Kanaan, KSA
10:15-10:30	Update on Brain Tumor	Dr Rawia M. Mohamed, UAE
10:30-10:45	The use of Endoscopy in Intraventricular Tumors	Dr Amr K. Elsamman, Egypt
10:45-11:00	Epilepsy surgery: Update	Dr. Aditya Gupta, India
11:00-11:15	VNS for epilepsy	Dr. Aditya Gupta, India
11:15-11:30	Panel discussion (or case review with the experts)	
11:30-14:00	Lunch Break	
	Second Session: Pediatric Neurosurgery	Moderators: Prof. Essam Alshail, Dr Essam El Gamal
14:00-14:15	Hydrocephalus management in pediatrics	Dr. Mohammed Ramzi, UAE
14:15-14:30	ETV Indications	Dr. Mats Hogfeldt, Sweden
14:30-14:45	Navigation guided neuro-endoscopy in Complex Hydrocephalus - Technical note	Dr.Essam Elgamal, UAE
14:45-15:00	Brain tumors in Infants	Prof. Essam Alshail, KSA
15:00-15:15	Intracranial Midline arachnoid cysts - What is the best treatment?	Dr.Essam Elgamal, UAE
15:15-15:30	Piloicytic Astrocytoma in Pediatric Patients: An Overview and Update	Prof. Abdulrahman Al Anazi, KSA
15:30-15:45	Craniosynostosis (an overview)	Dr. Salem Alameri, UAE
15:45-16:00	Hydrocephalus - Why It Is Difficult To Treat??	Dr. Anwar Ahmad, UAE
16:00-16:15	Discussion	
16:15-16:30	Coffee Break and Socializing	
	Third Session: Vascular Neurosurgery	Moderators: Dr. Mats, Dr. Ramon
16:30-16:45	Acom Aneurysms Treated with Flow Diversion	Dr. Ramon Navarro, UAE
16:45-17:00	Endovascular Management of Ruptured Cerebral Aneurysms	Dr. Ayman Al Sibaie , UAE
17:00-17:15	Surgical Management of Cerebral Arteriovenous Fistula	Dr. Asghar Baig Mirza, UK
17:15-17:30	Management of Subarachnoid Haemorrhage: Clinical Audit	Dr. Mohammed Al Suwaidi, UAE

Day 3 Saturday 19th November 2016

Time	Topic	Speaker
	Fourth Session: Functional Neurosurgery	Moderators: Dr. Abubaker, Dr. Adham
08:00-08:15	Deep Brain Stimulation	Dr. Rajesh Kumar, UAE
08:15-08:30	NCS/EMG, why and when?	Dr. Abubaker Almadani, UAE
08:30-08:45	Vagus Nerve Stimulation. SKMC Experience	Dr. Adham Elsayed, UAE
08:45-09:00	Spinal Cord Stimulator for FBSS	Dr. Henk van Driel, Netherland
09:00-09:15	Occipital neuralgia management	Dr. Pourbamy Sarathchandran, UAE
09:15-09:30	Epilepsy management in trauma and tumors	Dr. Muhammad Al Kaylani, UAE
09:30-10:00	Coffe Break and socializing	
	Fifth Session: TBI and Spine injury	Moderators: Dr. Anwar, Dr. Asghar
10:00-10:30	Severe Traumatic Brain Injury: looking for solutions... Finding new problems?	Prof. Stefano Signoretti, Italy
10:30-11:00	Decompressive Craniectomy: Developing the evidence based.	Prof. Stefano Signoretti, Italy
11:00-11:30	Future perspective of TBI research: from the bench studies to the clinical trials.	Prof. Stefano Signoretti, Italy
11:30-11:45	The Art of Breaking Bad News	Dr. Moni K. Vinod, UAE
11:45-12:00	Discussion	
12:00-13:00	Lunch	
	Sixth Session: Research and education, Panel Discussion on Research in the UAE	Moderator: Dr. M Al-Olama & Ahmed Ammar
13:00-13:15	Research at United Arab Emirates University	Prof. Ghaleb Alhadhrami, UAE
13:15-13:30	Research At Sheikh Khalifa University	Prof. Arif Al Hammadi, UAE
13:30-13:45	Mohammed Bin Rashid University of Medicine and Health Sciences	Prof. Alawi Alsheikh-Ali, UAE
13:45-14:00	Role of Emirates scientists Cabinet in research	Dr. Sarah Amiri, UAE
14:00-14:15	Researchs by Aljalila Foundation	Dr. Pascale Ewers, UAE
14:15-14:30	The research is the bridge to the future	Prof. Ahmed Ammar, KSA
14:30-14:45	Talented Research	Dr. Fatima Fakhroo, Bahrain
14:45-15:00	Discussion	
15:00-15:15	Coffe Break and socializing	
	Seventh Session: Spine surgery	Moderators: Prof. Haroon, Dr. Najm, Dr. Amro
15:15-15:30	Teaching Spinal Surgery: Progressive Responsibility Model	Prof. Haroon Choudhri, USA
15:30-15:45	Surgical management of Limited Dorsal Myeloschisis associated to CNS anomalies : Case report with special consideration for syringomyelia	Dr. Saggaf Al Saggaf, KSA
15:45-16:00	Atlas Instrumentation guided by the Medial Edge of the posterior Arch: Anatomic and Radiologic Study	Dr. Amro Al Habib, KSA
16:00-16:15	Spinal Metastasis Tumor - Surgical Strategy	Dr. Zbiggy J. Brodzinsky, UAE
16:15-16:30	Why Implants fail in Spine Surgery?	Dr. Sebouh Kassis, UAE
16:30-16:45	Anterior Pericardial Approach for Upper Thoracic Lesions	Dr. Nader Hebel, UAE
16:45-17:00	Minimally Invasive Percutaneous C1-C2 Transarticular Fixation for Metastatic Lesion	Dr. Najm Attabib, Canada
17:00-17:15	HRC® locking cages for ACDF: clinical and radiological outcomes	Dr. Malik J.A. Zaben, UK
17:15-17:30	Discussion	
17:30	Closing and adjourn
