

## **Chandler Hughes**

Activity Teacher

Chandler Hughes has lived on Heritage Creek Farm since he was two years old. Growing up in a country setting, he spent his childhood exploring the great outdoors. He attended the Susquehanna Waldorf School from ages 2 ó 13 and graduated from Lancaster Catholic High School this past spring. He will be heading off to Bloomsburg University to study Computer Science in the fall.

Chandler enjoys working with children and during high school he volunteered as an assistant basketball coach and tutored middle school students in math. He values cultural diversity and was a member of the French Club. He has studied French since first grade and also took Mandarin for one year. Chandler had the opportunity to learn about other cultures from the many exchange students that resided on the farm with him during his adolescent years.

He looks forward to leading games and sharing his love of STEM with campers this summer. He will also be working with his dad to lead various building projects on the farm.
