### The Cloud Fax Solution - Organizations Can Slash the Telecommunications Cost Of Every Fax

**You can now send and receive fax through the Cloud to reduce costs and eliminate the need for fax servers with CloudFax400**

INDIALANTIC, FLORIDA ([PRWEB](#)) AUGUST 20, 2012

International Presence announces in its 3rd Quarter CloudFAX400 - the latest enterprise FAX solution, designed specifically for companies sending and receiving FAX transactions from an IBM mid-range system or Windows network. bCloudFAX400 has all the features usually associated with an on-premise, enterprise- level fax server, conveniently hosted in the cloud, including: Desktop Faxing, Workflow Integration, Automatic Document Routing , OCR/Barcode Scanning, Application Integration, Reporting and Analytics.

**Reduce Costs and Improve Reliability** - Since CloudFAX400 does not use any FAX hardware or fixed telephone lines, will slash phone line and hardware maintenance costs, free up internal resources from upgrades and maintenance and create more room in your server room.

Additionally, by eliminating FAX hardware and telephone lines from enterprise FAX processes, you will **improve reliability and efficiency** by reducing the number of potential points of failure in fax processes.

Fully Secure, Compliant and Supported Enterprise FAX service. CloudFAX400 is one of the **most secure hosted fax solutions** on the market today, it will meet the toughest security, compliance, and data protection regulations such as HIPAA, SOX, PCI, SAS- 70, GLB, and NIST.

All traffic passing through the CloudFAX400 service is **SSL protected to provide the highest level of security** for fax communications.

CloudFAX400 can send faxes by the page and only pay for what you use, so to **stop paying for expensive hardware and phone lines** that only get used occasionally.

CloudFAX400 scales easily to meet the demands of evolving business requirements and enables the user to manage its FAX traffic and get **real-time reports** through a browser based administration panel on the intranet.

CloudFAX400 is **fully supported** by our Teams in the USA and the UK, so we will always be here to ensure fax processes are running smoothly.

The International Presence Group has been developing and delivering enterprise fax solutions to organizations around the world for more than 25 years and we understand how important FAX communication still is for many companies.
