

Massive World Hunger

August 4th, 2022

Jesus, we trust in You. Jesus, we trust in You. Jesus, we trust in You.
Amen!

“Lord, I keep seeing very scrawny, unattractive cows, are You wanting to speak to us about the years of famine You have previously warned us about?”

In Genesis, Chapter 41, verse 20 and 21 it reads, *“Then the thin, ugly cows devoured the seven well-fed cows that were there first. When they had devoured them however, no one could tell that they had done so; their appearance was as ugly as it had been before.”*

Jesus began speaking, *“Yes, Elisabeth, the entire world is facing an unprecedented food crisis, it has already begun in many countries and America will soon feel this catastrophic effect. The war, overinflated gas prices and the disruption of the food supply chain will cause severe global famine. Which is currently happening in Central and South America, several African countries and around the world. People are killing others to feed their families. Gangs and harmful alliances have formed to target those who are unable to defend themselves, prevent them from stealing and taking everything they have to live on. Millions go to bed hunger every night for lack of something to eat.”*

Lord, when Mother Clare said, “The drums of war,” I vividly saw a red horse and the horse was up on its hind legs raging and blood was spilling forth from its mouth. Please speak to us about this?”

Jesus continued, *“My words in Revelation speak of this time before My return. The red horse represents wars and the black horse is a sign of widespread food shortages, in addition to violence, hunger and disease that will claim the lives of one quarter of the world’s population (that’s found in Revelation 6:1-8). There will be increasingly severe global catastrophes as the beginning of sorrows that will precede even greater calamities that will strike sinful, rebellious nations of the earth.”*

“Oh Lord, please grant us Your mercy!”

Jesus continued, *“I am always with you and My Word will be fulfilled, the world food reserves have dropped to dangerously low levels due to droughts, floods and other unexpected events. These worldwide droughts will trigger widespread starvation because relied upon food surpluses are now gone. Chronic hunger is a fact in many areas of the world along with the malnourished. Malnutrition interferes with brain development especially in My precious children affecting their little immune systems to not function properly against infectious diseases, especially man-made pestilence that continues to be released upon the innocent and the unsuspecting.”*

“As a result, mankind’s tendency of violence towards others increases and causes disruption in nations, destruction of crops, dislocation and starvation of hundreds of thousands living in war-torn areas of the

world. Pray for them My beloved ones, pray for them, they so need your prayers.” And that was the end of His message.

God bless you dear ones and let us take these words to heart and prepare for what is to come.
