STREET HAVEN YEAR AT A GLANCE 2018-2019

VISION: A safe inclusive community for women.

MISSION: To contribute to the sustainable independence and stability of women.

Street Haven is a feminist women's organization that encourages collaboration and collective action on behalf of women who are marginalized.

The marginalization of women thrives off silence and feeds on stigma. We strive to break the silence and starve the stigma.

Street Haven supports and participates in the evolution of the community narrative and behaviour that will not tolerate inequity and women being at risk simply because of gender, sexual orientation, economics or mental health.
