Kahn Academy

Khan Academy is a non-profit educational organization created in 2006 by educator [Salman Khan](#) with a goal of creating an accessible place for people to be educated. The organization produces short lectures in the form of [YouTube](#) videos. Its website also includes supplementary practice exercises and tools for educators. All resources are available to users of the website.

Khan Academy offers practice exercises, instructional videos, and a personalized learning dashboard that empower learners to study at their own pace in and outside of the classroom. We tackle math, science, computer programming, history, art history, economics, and more. Our math missions guide learners from kindergarten to calculus using state-of-the-art, adaptive technology that identifies strengths and learning gaps.

Our mission to provide a world-class education for anyone, anywhere. All **Khan Academy** content is available for free at www.khanacademy.org.
