WELCOME LETTER

June 1, 2024

Welcome and congratulations!

Stage Left Productions is very excited to begin our 2024 summer arts experience. We look forward to working with so many talented individuals and their families.

We feel fortunate to offer a training program that combines technique classes and the opportunity for all students to shine! The focus of this workshop is about learning to audition, dance, sing and create a full-scale musical. In addition, we are continuing our Technical Training Track. Interested students will not only participate in camp activities, but also learn all about lights, sounds and behind the scenes. Finally, with Stage Left Productions, we'll be spending time with friends, getting to know new people, and having a lot of fun!
