AZ Grocery Stores – Hours for Seniors from [AZ Jewish Life](#)

The CDC still recommends that older shoppers and other vulnerable groups stay home if they can, and grocery delivery and curbside pick-up remain safer options.

If you have no other choice but to go out and shop, here are a few things you'll want to remember:

- Wear a mask and bring hand sanitizer and a small baggie of disinfecting wipes
- When you're cashing out, use a debit or credit card. That way you don't have to hand over bills or receive change
- Wash plastic or metal containers with soap and water
- If the item is cardboard, wash your hands after you've picked it up or put it away at home
- Clean off the counters that you put your groceries on

[HOST A VIRTUAL DINNER PARTY](#)

It's 2020: "Social" doesn't have to mean "sitting next to you."

"If you've hung out with us before, you know that Delish is built on the idea that food is a means of connection. But recent directives to practice social distancing have made upholding that a little, well, difficult—but not impossible. "
