'As soon as the Order went out, the Israelites generously provided the First-Fruits of the Grain, New Wine, Oil, and Honey, and of all the produce of the Field, and they brought in an Abundance— a Tithe of Everything'. -2 Chronicles 31:5

The purpose of this study is to consider the Feast of the First-Fruit of the New Oil. This is the 3rd First-Fruit Feast, concluding the 150-Day Count that starts with the Feast of the First-Fruits of the Grain, then that of the New Wine, etc. These 3 First-Fruit Feasts are what were recorded as the Temple Scrolls and discovered along with the Dead Sea Scrolls. These Written Works are attributed to the Jewish Sect called the Essenes who lived at the Edge of the Judean Desert adjacent the Dead Sea, etc.

The Essenes preserved the Scrolls in Jars and were hid in Caves. It was not until 1947, the same Year the U.N. partitioned the Promised Land to 'Resurrect' the Ancient Nation of Israel. The Feast of the New Oil is the most overlooked of the 3 First-Fruit Feast. So, to highlight it, here is a Thought one is considering post-'723' or one's Pentecost New Wine Theory that it occurs on a July 23, of a given Year, as one is still convinced about the Feast of New Wine coinciding with what occurred in the Acts 2 Event on the Temple Precinct, etc.

No if the 'Rapture's Timing is to coincide with that Day Count, that is one's Theory as well but based on pure Conjecture. One is assuming the Rapture Event tied to the Descent of the Holy Spirit, corporally. The Theory could be correct as to the Day Count of when is the New Wine, but not necessarily the Rapture's Timing. One would presume so and the Typologies appear to correspond. But such Speculation has not turned-up anything concretely of other Prophecy or Day Counts, all the same.

What has been taught is that the Rapture could perhaps occur on the Av 9. As with any Day Count, the Rapture occurring on this Day is a possibility for sure. But in keeping with one's Temple Scroll 50-50-50 First-Fruit Feast of New Grain, New Wine and New Oil, it is the New Oil that has been the 'Neglected' one in considering its possible Prophetic Significance.

Here is one's Rationale for one's Theory in building a case for why the Feast of the First-Fruits of the New Oil could correspond to the 'End' of the Church Age. Or at least, its Commission's Ending will coincide with the Rapture Event. Here is its Foundation and Argument to consider, if at least a possibility, still for a 2024 Rapture, in one's Opinion. In an Email Discussion, another Watchman rightly noted that what the Scripture does firmly establish, are the 7 Feasts Days of YHVH.

Triad of 3 First-Fruit Feasts

Most Students of the Bible would agree to this Notion, one would think. So, there are 3 Feasts in the Spring, then the 3 Feasts in the Fall and one in-between, etc. Then, since the discovery of the Dead Sea Scrolls and later-on, the Temple Scrolls did the Prophecy Community realized there was a Subset of 3 First-Fruit Feast in-between that constituted the entire 'Bridge' of the Spring and Fall Feasts of YHVH. And these 3 First Fruit Feast were 50 Days apart, etc.

1- PASSOVER

2- *Unleavened Bread*

3- *First-Fruits of the Barley*

A) First-Fruits of the New Grain | 1st Shavuot

4/B) - FIRST-FRUITS OF THE NEW WINE PENTECOST (ACTS 2) | 2ND SHAVUOT

C) First-Fruits of the New Oil | 3rd Shavuot

5- *Yom Teruah*

6- *Yom Kippur*

7- SUKKOT OR TABERNACLES

But it was not until recently that the End Times Community surmised the Prophetic Significance of 2 of the 3 that had been 'suppressed', that of the New Wine and New Oil. It was noted that every Feast of YHVH has a Prophetic Theme and it was a 'Rehearsal' (Moed) until all of them are to be fulfilled by Jesus.

And the Point is that the Feast of the First Fruits of the New Oil is no different. So, there then is one's Logic for how this 3rd First-Fruit Feast of the Triad, which is the most overlooked, could be promising as to the possible Rapture's Timing. Here are the 3 'Bridge' Minor First-Fruit Feasts.

1. FEAST OF FIRST FRUIT OF THE NEW WHEAT

This is the 1st Feast of the 3 that corresponds to the Ascension of Jesus.

2. FEAST OF FIRST FRUIT OF THE NEW WINE

This is the 2nd Feast of the 3 that corresponds to the Acts 2 or Holy Spirit starting The Church Age.

3. FEAST OF FIRST FRUIT OF THE NEW OIL

Here is the Conjecture. Could Feast of the New Oil be considered then the corresponding End of the Church Age Commission? In that, as the Watchman noted that the Oil speaks of the Anointing and Kingship that could be commemorated along with the Rapture of the Bride and Marriage to follow?

Some Interesting Day Counts

As it was noted, the Temple Scrolls show that this Scenario is a possibility. Nonetheless, the Feast of the New Oil has been deliberately 'Hidden', just like the Rapture, no? It is not even considered by the Jews or Church Traditions in any way one is aware of. So, to this End, one is highlighting the Feast of New Oil then.

There is 'something' there for sure and as mentioned, not only are the 3 Minor Feasts overlooked, but the last one, the Feast of the New Oil is totally neglected. This Late Summer, early Fall Window will be very interesting to watch and consider then. Lots of Convergences are going on.

Now, the Question most will have in reading this Synopsis about the New Oil Feast is, 'When is it'? This depends on the Calendar used and when determines the Start Date. But if one keeps to the Spring Equinox Bench-Marker, based on the Solar Calendar, and one uses Nisan 15, in keeping with the Sinai, Exodus Day Count, then the following Dates emerge.

- 1. FEAST OF FIRST FRUIT OF THE NEW WHEAT = June 2*
- 2. FEAST OF FIRST FRUIT OF THE NEW WINE = July 23*
- 3. FEAST OF FIRST FRUIT OF THE NEW OIL = September 11*

As one can see, using this Timeline, the September 11 Date would appear to be Prophetically Significant. This would be the case if one subscribes to when Jesus was Born, on September 11, -3BC. And then, based on one's Fall 2025 to Fall 2032 Tribulation Timeline, one conjectures that the Return of Jesus could be occurring on September 11, 2032. Perhaps.

In Summary, one is just saying that one is more convinced of a Solar Calendar Day Count versus the currently 'Floating Rabbinical Lunar' one. Here is the Issue. It is not so much the Type of Wheat or when that is begin Harvested, although Key. What is more of a Key and what one is pointing out why it is 'Impossible' for a Pentecost August Month, has to do with the Barley Harvest. Why?

One is convinced this dovetailing was intentionally placed by YHVH in identifying the precise Timing and Season of when the Wedding of Boaz and Ruth occurred. This is one's supposition. It is that one will not find it because Barley was being winnowed already in tandem with the Wheat being harvested, as in Boaz and Ruth's Day. This is how one can know that an August Wheat Harvest has also already passed by the Time the 9th of Av Day Count occurs.

Also, one highly recommends the weekly Prophecy Updates by John Haller. He does a Good Job in breaking-down the Geo-Politics of where the Middle East stands right now. As it has been said, 'Israel is the Hour Hand, Jerusalem is the Minute Hand, the Temple Mount is the Second Hand', of the Prophetic Clock.
