

# Local Businesses Can Now Take Advantage of Hawai'i Energy's Energy Relief Grant

Hawai'i Energy will be disbursing more than \$1 million to nonprofits, small businesses, and other qualifying organizations

Solar Bollards is a pre-approved partner by Hawai'i Energy to work with you. Shop any of our lighting solutions at [www.solarbollards.com](http://www.solarbollards.com)

- Step #1** **SHOP** any of our lighting solutions; our team is standing by to assist. The grant covers projects up to \$25,000.
- Step #2** **APPLY** for the Hawai'i Energy Relief Grant [hawaiienergy.com/grant](http://hawaiienergy.com/grant)
- Step #3** **DESIGN** - Retrofit any of your lighting to solar power. We assist with the design process so it's ready for engineering acceptance.
- Step #4** **EASY INSTALLATION** - We help you from start to finish. Our ground screw installation requires no trenching, no digging, and no concrete. [solarbollards.com/ground-screw-systems](http://solarbollards.com/ground-screw-systems)
- Step #5** **SAVE TIME AND MONEY** - Start realizing solar power savings instantly. Our High Performance Lithium Batteries will light up your business for years to come.
