## Bulk Washer Fluid Solutions

*We can help you because  
washer fluid is all we do.*

## We can help you if.....

- You throw away a lot of plastic jugs and boxes?
- You have to pay deposits for drums and extra costs due to wear and tear?
- You have to do extra work to transfer product from drums to your larger tank?
- You find that you run out of washer fluid before you get your next delivery of lubricants?
- You regularly have to replace your 55g drum hand pumps because they keep breaking?

Amazing Blue - Bulk Fluid Solutions

## ➤ Typical opportunities...

## ✓ Typical Solutions.....

This is the image, bulk fluid savings, labor and operational savings, and Keep Fill service you can expect....

## What our customers say

*"Clean Shield under-promised and over-delivered the system and savings in all of our locations" -Typical customer response of the nearly 600 installed in the Midwest*

## WHERE YOU NEED IT

- Ideal for Auto dealers, Oil Change operators, Airports, Municipalities, Fleet vehicle managers, current lube dealers needing washer fluid services, or anyone who needs bulk supply
- Set up for on-demand at the quick lube bay, in your pit, or lube room

## WHY YOU NEED IT

- In bulk tanks that fit your limited space.
- No plastic jugs or extra labor costs
- Low or no cost for installation
- Delivered as often as you need and before you run out of product

## WHY AMAZING BLUE

- Because bulk washer fluid is all we do, you get the attention you need and expertise and savings you deserve
