

Step by Step's Spring Student Choreography

We know many of our students like to make up their own dances so we decided to host a special evening of **student choreography**. We need our "budding" choreographers to make this work. Last year was amazing! Basically, we are looking for students ages 7 and up who would like to choreograph and perform their own routine that is no more than 2 minutes long. If the song is longer, we can fade the music. The routines can be solos, duos, trios, or small groups but we do need at least 8 entries so that we can host the show. The show will be held at the studio on **Saturday, May 16 at 6 pm**. If you are interested please return the bottom of this form to the studio by March 14.

We are very excited for this and hope it is a GO!!!

SBS's Student Choreography
