ABOUT THE VIRTUAL CONFERENCE

The California State Council of SHRM (CalSHRM) is the official California state affiliate of the Society for Human Resource Management, the world's largest association devoted to human resource management. The 2021 California State HR Advocacy & Legislative Conference is where key business decision makers, business owners, senior level officers, mid-level management and human resource professionals meet online to learn about important California and federal legislation and employment issues that are or will be impacting their business in the future.

- For the last 9 years, attendees from across California have gathered to learn and to discuss critical issues of concern for California employment and business. In these challenging times of COVID19, and economic volatility in California, CalSHRM is dedicated to bringing the state's business and HR professionals the most comprehensive and current content available from expert sources.
- Our conference brings acclaimed employment law attorneys, national speakers and SHRM experts online to deliver powerful and impactful presentations on ever changing employment laws and legislative issues, as well as the role of HR practitioners and business leaders in these unique times. This unique conference also offers many attendees the opportunity to virtually visit the State Capitol and meet with legislators online to discuss and bring enlightenment on employment issues impacting employees and employers in California.
- This 2.5-day conference, beginning at 8:00AM on April 14, 2021 and ending at 1:15PM on April 16, 2021, even provides a virtual reception on Wednesday, April 14, for attendees to network online with speakers and chat with peers in a social environment.
- In the past, our location was the beautiful Sheraton Grand Sacramento conveniently located off Interstate 5 in downtown Sacramento just steps from the Capitol. We are confident that in 2022 we will return to Sacramento.
