Motion was made by Paul to approve the minutes from the April 13, 2017 Special Zoning meeting, seconded by John. Members who were present voted. (Paul, Andy, Matt and Jon) Vote was unanimous to approve.

It was announced that if the application being discussed tonight was not complete by 10 p.m., the meeting would be continued until the June 1, 2017 Zoning Meeting, to be held at the Berkshire Township Hall, 1454 Rome Corners Rd., Galena, OH, 43021.

Before starting review of the application, the chair asked if there were any comments from the public regarding the application. None were heard.

First order of business was a continuance hearing of Application 17-032, which is a proposed amendment to the Berkshire Township Zoning Resolution which would, if adopted, add Article 17 to the Zoning Resolution and create the 36/37 Planned Mixed Use District (PMUD) as a planned unit development under Ohio Revised Code Section 519.021(C) and which would include sections detailing: the purpose and establishment of the PMUD; requirements for the PMUD, including development tract sizes, permitted uses, open space and prohibited uses; establishment of a review process and procedure for the PMUD; requirements for contents of development plans; basis of approval; an approval period; process for modification or extension of development plan; provisions for design standards and minimum development standards including, but not limited to, access, setbacks, yard areas, signage, landscaping, parking, loading, and open space; and provisions for divergences from the minimum development standards. This amendment would also amend Article 5 by adding the 36/37 PMUD as a zoning district and revise the Zoning Map to designate the 36/37 PMUD area. A red-lined copy of this proposed amendment with previous changes requested was provided to the Board just prior to this meeting and is attached for the record. All red-lined items in the application from the previous meeting were discussed during this meeting and agreed upon unless otherwise noted in these minutes.

David Fisher from Kephart Fischer, LLC and Derek Rogers from Nationwide Realty were present to represent Northstar and answer questions from the Board.

The following items are changes requested to be made to the red-lined copy of the application provided for the May 4, 2017 meeting, as noted above.

Discussion ensued regarding Section 17.06, Item (G), Fees; regarding the question of when a consultant could be retained by the township and paid for by the applicant if a formal application has not been filed, and the issue is still in informal discussion. It was agreed by both attorneys that a letter of agreement from the applicant to reimburse would be sufficient to cover that question.

The meeting was adjourned for a ten-minute break from 8:35 to 8:45 p.m., when it resumed.
