

Our perception of God is vitally important to our immediate life. In fact it is so important to mankind that in the Old Testament God gives us redemptive names of the Lord, which are to cause us to see Him in a greater way, this allows who He is to be manifested in us. If people see God as one who puts sickness upon them, then they will most likely not see healings in their lives. If they see God to be a healer, then most likely they will see God heal in a supernatural way. The same is true for finances. If people see God as one who takes, then what they have will be taken from them. If they see God as one who gives then they will be increased mightily by The Lord. All this happens because the way in which we see Him, changes the way that we respond to Him.

In this teaching Dr. Hohman brings out scriptures that reveal the Kingdom principle showing how we are to see God in truth and also how we are to respond to who He is.
