

Inequity vs. Iniquity

Inequity
is one result of
iniquity.

Inequity is
unfair;
iniquity is spiritual
disrepair.

Inequity is
unjust;
iniquity is just
evil.

In society
often the iniquity
of a few
causes inequity
among many.

Part of the malice of
iniquity
is that it blinds us
from seeing
inequity.

Part of the power of
iniquity
is that it stops us
from rectifying
inequity.

Therefore,
since both are rampant
in their ubiquity,
confront inequity
by eliminating iniquity.
