## SACRED GEOMETRY OF THE GARDEN OF EDEN'S GEOGRAPHICAL LOCATION

The Book of Revelation specifically alludes to this place as being the place where Lucifer had his throne and perhaps still does. Could it be that after the Fall and expulsion of Adam and Eve from the Garden, so too did the LORD Creator have to withdrawal His presence and Throne associated with that geographic location. Thereafter this place could have been then occupied by Lucifer himself in that he has always wanted to sit in GOD's Throne as 'god'. What is also interesting is that out of all the 7 Churches of Asia, Pergamum had its pagan temples atop a mountain acropolis. Perhaps this geographical location and temples to Zeus that were erected and dedicated to the worship of Lucifer was the closest he could ever get to the Holy Mountain of GOD on the Sides of the North, aside from the 3<sup>rd</sup> Jewish Temple to come in which he will causes it to be desolate by his abominations.

Out of all the 7 Churches of Asia, only Pergamum was associated with the ancient wonder of the Temple to Zeus. In the Book of Revelation, Jesus Christ refers to this Temple and thus geographic region 'where the throne of Satan is'. Perhaps after the expulsion of Adam and Eve from the Garden and after the Flood, Lucifer wished to usurp such sacred dimensions and claim this former spot where GOD's throne perhaps once had its presence for himself. Lucifer has perpetrated his lie and deception that he is the rightful 'god' and 'creator' and the bearer of the 'light' of knowledge and a promise of immortality 'fire' to humanity. Lucifer seeks to be in place of GOD as GOD alone has the power and sovereignty to bestow immortality. Contrary to Lucifer, the LORD is a righteous and just LORD where there no lie or 'shadow of turning' in Him which Lucifer is not.

### THE HOLY OF HOLIES PATTERN

The Throne room of the YHWH is always described as a perfect cube as the LORD instructed Moses and David that when building the Tabernacle and Temple, the Holy of Holies was to be the mirrored sacred dimensions of the true original Throne in Heaven. Realize that the Tabernacle of Moses was in operation and in existence up until the time of King Solomon. It was King David that had in his heart to 'build GOD a temple' as in a permanent location. The Tabernacle actually remained for a while even after the Temple of Solomon was erected.

Geographically if this area of where the 7 Churches were located that is suggestive of where the place corresponded to the 'throne' of the LORD, then it could be seen as the 'front' Gate to Eden. This portal or 'Stargate' even could be from where the LORD came and entered through to commune and fellowship with Adam and Eve in the Garden. This would also collaborate with the notion that the Dimensions of Paradise also had a 'back' Gate or door.

When the 7 Churches of Asia are incorporated geographically into this sacred pattern of the Tree and Flower of Life motif, the alignment of 5 of the Churches are location exactly on a 45 degree angle line that runs from the center where the Tree of Life would have been in the 'midst' of the Garden geographically and Mt. Hermon. This study strongly suggests that this alignment is indicative of how the Churches depict the very source of the flow of the 'River' coming from the Throne of GOD at this place and time. From the base of the Square of this smaller circle in Asia Minor, geometrically the River would split in the 4 headways that follow the geometric pattern of the Great Pyramid configuration and degree slope or angle throughout the topographical area to water the Garden of Eden and the Trees in the midst there of, geometrically and geographically in the middle of the large circle. This pattern again, follows the same dimensions of the geometry of the to Earth-Moon and Nile Delta patterns.

### JESUS - LORD OF THE CHURCH

It is this strongly suggested that based on the 1) exact patterns of the Tree of Life - Flower of Life motif, 2) the same exact Earth-Moon dimension patterns, 3) the Nile River Delta and Great Pyramid pattern, 4) the Ur Stargate pattern, the source of the River of Eden that commenced from a 'temple' or Throne of GOD in what is now the geographical area of Asia Minor or Turkey. This is not to say that it was the very Throne Room of the Creator but that perhaps by proxy or mirrored sacred geometry of the original in Heaven, the blueprint of its dimensions were corresponding to this place and time on Earth when the Creator had direct dealings with Adam in Paradise. This precise region in Asia Minor of where this 'throne' of GOD would have been could possibly be corresponding to the area of Pergamum for the following reasons.

The geographical region in Asia Minor or Turkey is where the 7 Churches of Asia were located at according to the Book of Revelation. Through confirmed archeological records there was a specific throne that the Bible speaks of in this geographic area that was very prominent in the Ancient World. It was the Temple to Zeus and Altar in Pergamum. This 'Altar of Zeus' is currently in a museum in Germany as the temple was dismantled and shipped block by block.
