## AKC MEET THE BREEDS WINNING BOOTH: THE BERGAMASCO BOOTH!

Much of AKC Meet the Breed's success can be attributed to the hard work and creativity put into all of the outstanding booths; every year one booth is awarded the Best in Show. This year's booth to win, based on creativity, number of dogs, and friendliness of the owners goes to

the Bergamasco booth.

What put the Bergamasco booth over the top was the intricately designed Bergamasco purse made with shredded fabric along with the exceptional floral Bergamasco display. While the creativity certainly stood out, the friendliness of those at the Bergamasco group made for great fun, and of course, the stunning Bergamasco dogs at the booth sealed the deal. We'll let the photos speak for themselves.
