

Interior Cleaning • Hotels

**Ease your staff workload. Shorten room cleaning times.
 Increase room cleanliness. Increase customer satisfaction.**

All hotels have bedrooms with floors, bathtubs and showers to clean, but the strain on being on one's hands and knees or reaching above the housekeeper's head, is exhausting. However, Dakota Supplies has a solution, the **moppitt™**.

The **moppitt™** compact, lightweight and efficient design provides housekeepers an extendable handle that can be used with the cleaning pads infused with the hotels cleaning liquids of choice (e.g. floor or window cleaner), or used as a dry pad for dusting. The ergonomic design allows the cleaning pad to pivot and is able to get into tight corners, around curved surfaces and high-touch areas. The cleaning pads can also be used with the hand-held mini for cleaning desks, table-tops or other hard surfaces. Used pads are can be ejected without touching the pad into the wash bag to be laundered, and re-used.

Address the mess in these simple steps

**INFUSE PADS
 WITH CLEANING
 LIQUID**
 use wet or dry

**ATTACH
 CLEANING PAD**
 use extendable-
 pole or hand held

CLEAN MESS
 without touching
 mess

**EJECT WASHABLE
 PAD INTO LAUNDRY**
 without
 touching pad

About our Product

Cost Savings | Increased Safety | Better Productivity | Reputation Management | Sustainability

Cost Savings

Reduce staff sickness, improve working conditions for your housekeepers, use fewer paper products and put aside the ineffective old-style mops. Save wear and tear on your company's valuable assets.

Safety

Reduce slips, trips and falls of staff and guests. Ensure staff don't have to touch the unsanitary mess or get down on hands and knees to clean.

Productivity

Increase employee morale and enhance their work environment by better equipping staff to maintain standards.

Reputation Management

Increase customer service and maintain the brand of your company with improved cleanliness and hygiene.

Sustainability

Pads are washable and are infused with cleaning fluid of choice.

Cleaning Pads & Extendable Pole & Hand Held

Cleaning pads are Infused with cleaning fluid of choice, and can be used with the Extendable Pole, or as a Hand-Held unit to clean hard surfaces, mirrors, walls, desks, and bathrooms. Cleaning pad are washable, and come stacked in a reusable container and can be used wet or dry.

Pre-Infused Cleaning Cartridges, Dispenser Mop and Storage Bag

The **moppitt™** cleaning cartridges come pre-moistened with cleaning liquid. The Dispenser holds multiple pre-moistened cleaning cartridges inside. The storage bag protects the unit and has storage for extra cartridges.

About Dakota
