

BURJ KALIFA ORION STAR MAP 5

The purpose of this illustration is suggest that the Dubai City center complex with the Burg Khalifa as the main centerpiece is laid out in a 'Skull and Bones' motif. The Khalifa tower is understood to be designed based off the desert flower that has a hexagram design. The triangular base is thus the layout the tower was built upon with the opposite triangle as a function of water fountains at its ground floor. What is also very intriguing is that the design of the foundation base resembles a face having the 2 main fountains as the 'eyes' and the blue designs on the south side as the mouth portion. The literal tower comprises the core of the 'face' with the nose being the center point.

The other possible clue to this 'Skull and Bones' motif is suggested by the design of the artificial water lake that for the most part is in a 'X' or cross layout. It is at a 45 degree angle as the 'head' or tower portion is set at the apex of this cross. One very interesting aspect about this rendition of the 'Skull and Bones' motif that is not usually found in other such layouts around the world is that at the center of the 'X' or the intersection, an 'eye' is construed. This would suggest the 'All-Seeing' eye of Horus.

دولة الامارات
DUBAI CITY
 UNITED ARAB EMIRATES

THE PLEIADES

The 7 Daughters of Atlas

Based on the 'X' apex, this 'eye' would be situated at the top or apex as if a pyramid that is commonly associated with the Masonic emblem. These are but a few of the motifs the Burj Khalifa city center complex has that suggests that its designers are those that subscribe to the Pleiadian and Orion narrative and have a direct connection to Mars and ruling elite that control and manipulate the world through such means.
