Alfalfa Based Forage Mix	18-20	Mar - May, Aug - Sep
Clover Based Forage Mix	16-18	Feb - May, Aug - Oct

BULLS-EYE Deer Turnip Blend

Bulls-Eye was originally used for food for livestock. Large numbers of deer were consistently reported grazing the lush forage and studies by wildlife biologists confirmed that deer were more attracted to **Bulls-Eye** than many of their natural occurring food sources, especially in the fall when most native species are dormant and course.

- **Deer Can't Resist It**
- **Protein Rich Food**
- **High Palatability**
- **Grows Quickly**

HOHL'S FARM SUPPLY

Located on Hwy 33
Between
Baraboo & Portage
