Scobey School is pleased to announce, we have been approved for the Special School Nutrition Program. All students enrolled in Scobey Schools will have free breakfast and lunch from September 21st through December 22nd.

Why Is this happening?

Due to Covid-19, the federal government has opened the school nutrition program to all schools that qualify due to economic conditions of the area. During normal times, Scobey School doesn't qualify for "all students" free meals.

What does this mean?

1. Your child may eat breakfast and lunch every day and their meal account will NOT be charged.
2. Meal account funds will be left alone. We will not refund accounts unless your child is unenrolling in school.
3. If you qualify for the normal free and reduced meal program, we ask that you still fill out the application (if you haven't already). Those applications qualify Scobey Schools for other federal programs. And we don't want to jeopardize our funding for those programs by not having enough applicants.

Sincerely:
