Your ability to drive safely is directly related to the percent of alcohol in your bloodstream. For drivers, one drink per hour is the **lifesaving limit**.

**1.5 oz Distilled Spirit
Equals
5 oz of Wine
Equals
12 oz. of Beer**

The chart is only a guide. Each person's response to alcohol will vary, based on individual tolerance for alcohol, food intake, fatigue and other factors. A person's driving can sometimes be impaired after one drink.

**Please
don't drink and drive.**
