3. Medicating and Hiding a fever or contagious illness will result in termination. Be Honest & Kind.
4. Multiple tardies in a month can result in a one-day suspension. Although it is disrespectful to arrive late to a class, it is stressful for your child to arrive in a class that has already started. It takes 5-10 min to put items away, bathroom and wash hands. A late child can take much longer due disorientation when arriving in the middle of circle or a lesson.

2. Late pick up fee is \$2/minute charge to tuition.

Discipline/Suspension Policy - Compassionate communication ensures respect for all individuals using age appropriate conflict resolution skills. RGP does not shame, humiliate, isolate, or use corporal punishment. RGP will not use food or drink as a loss of privilege. Acts of violence require immediate pick up and suspension. Threats of violence are a " discipline pick up". This is an immediate pick up. 3 Suspensions in a school year results in expulsion. Discipline Also Applies to Adults. Unfortunately, in the past few years there has been an increase in parent aggression in our society. It will never be appropriate to yell/scream/threaten teachers or staff. This will result in immediate termination. We do not refund for suspension or terminations.

- Outdoor Play & Daily Activities - The games & activities children play outside are age appropriate. Please allow your child proper shoes & clothes for outside play.
- Reporting Child Abuse / Neglect - Any teacher that suspects child abuse or neglect is legally bound to report the suspected abuse to the Department of Social Services. Prevention of Shaken Baby Syndrome and Abusive Head Trauma

Belief Statement

Rainbow Garden Preschool believes that preventing, recognizing, responding to, and reporting shaken baby syndrome and abusive head trauma (SBS/AHT) is an important function of keeping children safe, protecting their healthy development, providing quality child care, and educating families.

Background

SBS/AHT is the name given to a form of physical child abuse that occurs when an infant or small child is violently shaken and/or there is trauma to the head. Shaking may last only a few seconds but can result in severe injury or even death¹. According to North Carolina Child Care Rule (child care centers, 10A NCAC 09 .0608, family child care homes, 10A NCAC 09 .1726), each child care facility licensed to care for children up to five years of age shall develop and adopt a policy to prevent SBS/AHT².

Procedure/Practice

Recognizing:

- Children are observed for signs of abusive head trauma including irritability and/or high pitched crying, difficulty staying awake/lethargy or loss of consciousness, difficulty breathing, inability to lift the head, seizures, lack of appetite, vomiting, bruises, poor feeding/sucking, no smiling or vocalization, inability of the eyes to track and/or decreased muscle tone. Bruises may be found on the upper arms, rib cage, or head resulting from gripping or from hitting the head.

Responding to:

- If SBS/ABT is suspected, staff will³:
 - Call 911 immediately upon suspecting SBS/AHT and inform the director.
 - Call the parents/guardians.
 - If the child has stopped breathing, trained staff will begin pediatric CPR⁴.

Reporting:

- Instances of suspected child maltreatment in child care are reported to Division of Child Development and Early Education (DCDEE) by calling 1-800-859-0829 or by emailing webmasterdcd@dhhs.nc.gov.
- Instances of suspected child maltreatment in the home are reported to the county Department of Social Services. Phone number: 910-259-1240

Strategies to ensure staff members understand the brain development of children up to five years of age

All staff take training on SBS/AHT within first two weeks of employment. Training includes recognizing, responding to, and reporting child abuse, neglect, or maltreatment as well as the brain development of children up to five years of age. Staff review and discuss:

1. Brain Development from Birth video, the National Center for Infants, Toddlers and Families, www.zerotothree.org/resources/156-brain-wonders-nurturing-healthy-brain-development-from-birth
2. The Science of Early Childhood Development, Center on the Developing Child, developingchild.harvard.edu/resources/inbrief-science-of-eed/

Parents/Guardians

1. Parents/guardians will sign an acknowledgment form that includes the child's name, date the child first attended the facility, date the operator's policy was given and explained to the parent, parent's name, parent's signature, and the date the parent signed the acknowledgment
2. The child care facility shall keep the SBS/AHT parent acknowledgment form in the child's file.

For purposes of this policy, "staff" includes the operator and other administration staff who may be counted in ratio, additional caregivers, substitute providers, and uncompensated providers.

Nutrition Opt Out Form

Child Care Rules .0901(d) and .1706(c) state:

When children bring their own food for meals and snacks to the program, if the food does not meet the nutritional requirements specified in Paragraph (a) of this Rule, the operator must provide the additional food necessary to meet those requirements unless the child's parent or guardian opts out of the supplemental food provided by the operator as set forth in G.S. 110-91(2) h.1. A statement acknowledging the parental decision to opt out of the supplemental food provided by the operator signed by the child's parent or guardian shall be on file at the facility. Opting out means that the operator will not provide any food or drink so long as the child's parent or guardian provides all meals, snacks, and drinks scheduled to be served at the program's designated times. If the child's parent or guardian has opted out but does not provide all food and drink for the child, the program shall provide supplemental food and drink as if the child's parent or guardian had not opted out of the supplemental food program.

I _____ plan to provide all meals, snacks and
(Parent/Guardian Print Name)

drinks for my child and do not want his/her meals, snacks or drinks supplemented to meet the Meal Patterns for Children in Child Care Programs from the United States Department of Agriculture (USDA), which are based on the recommended nutrient intake judged by the National Research Council to be adequate for maintaining good nutrition.

Since I opted out, if I do not provide all the meals, snacks or drinks for my child, I understand that the program will provide supplemental food and drink.
