Guest program: *Today accompanying guests will enjoy a visit to County Kilkenny with Kilkenny Castle and Jerpoint Park. The town of Kilkenny is often referred to as "the Marble City" and is the most interesting and best preserved of the medieval Irish cities. It owes its immense charm to the various impressive historical monuments. Kilkenny Castle has been an important site since it was built by the Anglo-Normans in the 12th century. The castle has been remodeled in Victorian times and set in extensive parklands which was the principal seat of the Butler family, Marquesses and Dukes of Ormonde. Due to major restoration works, the central block now includes a library, drawing room, and bedrooms decorated in 1830's splendor, as well as the beautiful Long Gallery. A warm Irish welcome is guaranteed at Jerpoint Park, a period family home and working sheep farm. A sheep dog demonstration with a collie dog herding sheep in the farmyard is a sight to behold!*

DAY 4: Tuesday, September 19

Cultural Program

Depart for Boyne Valley this morning. We will request the opportunity this morning to visit **Brú na Bóinne Visitor Center and Newgrange**. Brú na Bóinne is Ireland's richest archaeological landscape along the River Boyne, famous for their spectacular prehistoric passage tombs of Knowth, Newgrange and Dowth which were built circa 3200BC. These ceremonial structures are among the most important Neolithic sites in the world.

After lunch visit the **Hill of Tara**. Explore and learn about the ancient ceremonial and burial site during a visit with your guide. An ancient seat of power, 142 kings and a "stone of destiny"... welcome to the historic epicenter of royal life in Ireland.

These striking ridges of once dominant ring forts offer much more than just incredible views of the lush County Meath countryside. They tell old tales of **kings, gods, and sacred rituals**. This place has been an important site of worship and a coveted seat of power since pre-Christian times, and it overflows with the myths and legends that make Ireland's Ancient East so endlessly fascinating.

DAY 5: Wednesday, September 20

Drive to Cork & visit Hill of Usineach

The group will depart after breakfast for **Cork** in southwest Ireland. The group will enjoy a **guided meditation** and tour at the **Hill of Usineach**, one of the most sacred and historical sanctuaries in the world. This ancient ceremonial site, in the barony of Rathconrath in County Westmeath, is in Irish mythology the location of the center of Ireland connected with both ley lines and sacred geometry. It is where the five provinces of Ireland meet and where the magical otherworld is said to be accessible via the **Catstone** (*Aill na Mireann* or Stone of Divisions). The stone is also reported to be the burial location of goddess Eriu (also one of the Tuatha de Danann). Tour with a local guide and take part in a special meditation session. The Ancient Walkway connects the royal sites of Usineach and Tara, and its remains can be seen today. Usineach predated Tara as a royal residence for the High Kings of Ireland.

Professional Program Day

Wrap up your professional exchange today with a morning visit to a **community healthcare facility** to continue discussions around how at this local level they are working to improve the health and wellbeing of service users, staff and the wider population of Cork and Kerry. Key areas of improvement include chronic diseases, staff health and system reform. A meeting will also be requested with the **Cork ARC, Cancer Support House** to learn about the free services provided to patients and their families during this difficult journey.

Lunch will be provided at a local restaurant today.

Guest program: *Today accompanying guests will depart for a trip to Mizen Peninsula. Mizen Head Irish Lights Signal Station is located at Ireland's most southwesterly point, at the end of the Mizen Peninsula, where the currents meet from the west and south coasts and where waves from the mid-Atlantic crash into the land. Mizen Head Fog Signal Station was sanctioned in 1906 by the Irish Lights Board to combat the high loss of life and shipping on the rocks. Visitors can dare to cross the iconic bridge high above the gorge; watch for seals and their pups in the swell below; experience the solitude of the keepers' lives and the elemental power of the restless Atlantic where the ocean currents swirl; laugh with exhilaration into the fresh salt-laden sea air.*

Dinner is by individual arrangement.

Ring of Kerry

📍 Cork, Ireland

DAY 7: Friday, September 22

Ring of Kerry & Muckross Farms

This morning head out for a full day trip that includes some of the highlights of the **Ring of Kerry**. Rolling green hills and sparkling lakes. Sheep bleating and cows grazing in patchwork fields. *Note this will include some of the ring's highlights, not a trip along the full 111-mile road.*

This 179km circuit of the Iveragh (*pronounced eev-raa*) Peninsula winds past dreamlike landscapes, dramatic coastlines, pristine white sandy beaches, medieval ruins, mountains, and loughs, with ever-changing views of the island-dotted Atlantic.

Your guide and driver will stop frequently to allow you to admire this spectacular scenery, some of the most beautiful in all of Ireland. They are sure to include infamous vantage points such as **Moll's Gap** and **Ladies View**. Moll's Gap provides magnificent views of Macgillycuddy's Reeks Mountains. The rocks at Moll's Gap are formed of old red sandstone and a great scenic vantage point. Ladies View is another scenic vantage point whose name stems from the admiration of the view given by Queen Victoria's ladies-in-waiting during their 1861 visit.

After lunch at a local pub or café, the group will head to **Muckross Traditional Farms**. The Muckross traditional farms are an authentic outdoor interpretation of rural life in Kerry in the 1930s and 1940s, on a 70-acre elevated site. Traditional buildings and field systems are recreated, and domestic farming and craft practices are carried out daily.

ITINERARY | DAY-BY-DAY

You'll be greeted upon arrival by a schoolmaster; proceed into a classroom for a short background on school life in the early 1900s and learn some traditional Gaeltacht (Irish) words.

Then take part in a butter making and scone making demo. The *Bean an Tis* (women of the house) will explain the importance of butter to the Irish farmer's wife, how it was transported throughout the world, and why Irish butter is ranked so high both at home and abroad. Sample the wares and have some tea or coffee afterwards.
