

EQUIPMENT REPAIR SERVICE

Protect Your Investments with Critical Equipment Repair.

Many times the situation calls for equipment *repair* instead of replacement - protecting your original investment and saving you money. Tighe Industrial Solutions employees understand and have been repairing critical pieces of damaged or obsolete equipment for decades. As with our other services, we provide in-house expertise on many different makes and models providing you with a one-stop shop for all your repair needs. With pick-up & delivery, a timely turnaround and our 12 month warranty, you'll save time, money and have peace of mind that your original investment will keep working hard and keep you moving forward.
