NAM SNAP-ON TAB

Here is a revolutionary new idea in tab design. The Hair Calf facing snaps on the backing with 3 tiny glove snaps.

The new Snap-On tab eliminates the problem of hair calf facing wearing rapidly. Replacement is only a matter of snapping on a new face. The tab is already broken in and shooting continues without the period of break-in usually required.

 CHEMICALLY TOUGHENIZED

FAMOUS INDIAN CORD GRASS
 EXCLUSIVE END-GRAIN CENTERS

- Tightly woven Indian cord grass construction gives toughness and resiliency that far outlasts any competitive matt
- Unlike bales which are cumbersome, break apart and become unsightly
- Are "self-healing"
- Unique zig-zagged outer windings stay tighter — can't loosen — so matt lasts far longer
- Arrows enter parallel to the fibers
