PRESIDENT'S REPORT

By President Joe Henschen

Twitter @ JaHe1

The Heat is On

Throughout the last few years, many City Letter Carriers across the country have suffered heat related injuries. Some were very serious. A few were fatal. As these events were investigated, the NALC looked to see if USPS properly trained their supervisors and our Letter Carriers.

The Occupational Safety and Health Administration (OSHA) recommends a Heat Illness Prevention Program (HIPP) that includes training, acclimatizing, and monitoring workers as well as planning for and responding to heat-related emergencies.

When things go wrong and it is clear that USPS did not do what OSHA recommends, we determine whether the National Agreement, local grievance settlements or the Occupational Safety and Health Act were violated.

If necessary, we file grievances and OSHA complaints. In most cases, we offer assistance to OSHA and share information to show what really happened. In every failure, NALC's goal is to prevent the same from happening again. In spite of our best efforts, our employer continuously puts budget first, failing its obligation to provide you with a safe work environment.

It is this writer's opinion that those supervisors, managers, and postmasters who put you in harm's way to make their budget should be fired.

Please note:

**Joe Henschen's phone
number has been changed
to: (727) 492-4009**

NEXT BRANCH MEETING AT THE HALL AND VIA ZOOM: THURSDAY, JUNE 9, 2022

Furthermore, the management team behind them should be held accountable, and fired, if necessary, until their attitude changes and they make safety a true core value.

The General Duty Clause:

In the absence of a specific heat safety rule, OSHA uses the “General Duty Clause” as the basis of a heat safety citation, and, in so doing, must establish that:

- 1) The employer failed to keep the workplace free of a hazard to which employees of that employer were exposed.
- 2) The hazard was recognized.
- 3) The hazard was causing or was likely to cause death or serious physical harm; and
- 4) There was a feasible and useful method to correct the hazard.

The USPS Operations at Headquarters and in the field have expressed great opposition to the development of an HIPP that would consider all of the elements suggested by OSHA. Their thought process is that it is too costly and too inconvenient, so they claim it is just not possible given the parameters of our contract. If Operations had it their way, they would require you to be a world-class athlete, immune to the weather and able to forge ahead no matter what gets in your way.

The National Institute for Occupational Safety and Health (NIOSH) and OSHA have issued warnings about working in the heat and the need to take precautionary measures as indicated above. You know how you feel when you are exposed to extreme heat, and you know how it affects your ability to do your best.

In the event a letter carrier suffers a heat related injury, the following steps should be taken:

1. The first thing that needs to be done is to provide the injured employee with medical attention by transporting the employee to a medical facility or immediately calling 911 for emergency care.
2. The employee, a union representative or a member of the family should log into **Ecomp.dol.gov** and file a claim and complete a CA-1 requesting continuation of pay. When you

push send and the claim is filed,

3. Obtain a Form CA-16, signed by management, and then provide the form to the treating physician.
4. After medical care is provided, NALC requests that the employee or a union representative fill out a NALC Initial Heat Injury Report.

NALC seeks contact information for the injured employee as well as for the branch president. We then need a description, from the employee, as to what happened leading up to the injury.

When filling out the form, please share what type of delivery is involved (mounted, park-and-loop, centralized), temperature (heat, humidity, and heat index, if possible) symptoms experienced by the injured employee, as well as communication with management and its response. All these factors are very helpful in getting a picture of what went wrong.

Once the form is completed, it should be given to the Branch Office and a copy will be forwarded to the NALC Director of Safety and Health and to the appropriate National Business Agent (NBA). A copy of the form can be found on NALC's safety page in the section titled “Enforcing heat safety rules”, and on the Homepage of the Branch Website : *Branch1477nalc.org*.

Once the form is received at NALC Headquarters, it will be tracked and a copy will be forwarded to the appropriate NBA so that they can follow up as necessary with the injured employee, make sure that they have received the necessary medical care, and to assist, if necessary, with workers' compensation paperwork and processing, a service that is provided to NALC members only.

5. The local representative should then investigate the facts leading up to the injury. The following represent some of the issues that need to be explored, though other questions also may need to be asked:

- Did the employer properly train all Letter Carriers (including the injured employee) on how to prevent a heat injury? If so, when was this training last provided?
- Did the employer provide water, rest, and shade, as recommended by OSHA and NIOSH?
- If the employee or someone else communicated

with management to advise of the employee's condition, did management act appropriately and get the employee out of harm's way, or did they fail their responsibilities to the employee? If they failed, what were their actions?¹

A large part of protecting yourself is recognizing that your illness is heat related. Not having lived through the symptoms of a heat related illness, it may go unidentified. Recovery may be misleading and fighting through fatigue, leg cramps, headache and returning to the heat too soon can lead to more severe illness later.

When you or a co-worker suffer symptoms of Heat Exhaustion notify your Steward or call the hall for an Officer to get involved as soon as possible so the Heat Illness Prevention Program can be enforced.

¹ NALC Contract talk May 2018

Hubble's Troubles

*By Executive Vice President,
Chris Hubble*

Technology Integrated Alternate Route Evaluation and Adjustment Process....

Not sure what the acronym is to be, but it's a *RAP!* M-01982 was signed by both parties earlier this month. The parties agreed upon a new process to evaluate and adjust city delivery routes with information made available using *Digital Street Review (DSR)* technology as the primary means.

There will be a minimum of five joint teams in our FL 2 District in addition to a lead team. The district lead team, along with the route evaluation and adjustment team(s) will be responsible for data analysis, route evaluation and adjustment, jointly conducting carrier consultations and ensuring that all resulting data and unit records are updated.

The zone selection periods will be July and October of 2022 as well as May of 2023. Additional zones may only be selected for evaluation by mutual agreement of the district lead team. The data analysis review period will consist of a *Live Week* of data collection jointly selected by the district lead team plus seven additional weeks as determined by

the random draw performed at the national level. The months of June, July, and August as well as December are excluded from any selection.

The data analysis will include data integrity issues such as amended clock rings, work hour transfers, designation of work hour codes, errors discovered when reviewing **DSR** data and errors on PS Form 3999. The teams will also look at volume for the selected period by route to include, cased Letters, Flats, SPR's, Parcels, Sequenced mailings, DPS and FSS.

When determining the evaluated *office time* on each route, the regular carrier's (or mutually agreed upon replacement) actual average office time will be used, to include auxiliary assistance and anomaly adjustments for the data analysis review period... or the estimated standard for the route using the average cased volume (which includes any anomaly adjustments) on the route for the data analysis review period. The lesser of the above mentioned will be selected.

However, the route evaluation and adjustment team will consider feedback from carrier's initial consultation regarding the route's office time.

The city delivery routes will be adjusted with the use of *Digital Street Review (DSR)* as the primary means. When determining the evaluated *street time* on each route, the team will consider the regular carrier's (or mutually agreed upon replacement) actual average total street time to include auxiliary assistance and anomaly adjustments during the seven-week period plus the jointly selected *Live Week* of data collection. In addition, the actual average total street time from the jointly selected *Live Week* of data collection for the regular carrier and/or agreed to replacement as well as auxiliary assistance and anomaly adjustments.

However, the adjustment team will consider feedback from the carrier's comments during the jointly selected *Live Week* of data collection, the initial consultation regarding the route's street time, and regarding the data shared at the initial consultation to ensure that the street time selected is representative of the route.

If the **DSR** data is jointly determined to be unavailable and/or unusable in a zone, data from the *Workhour Workload Report* will be used for the same evaluation period. In the above circumstance, during the *Live Week* of data collection, while not required, management may inspect a route but no more than three days.

In addition, on each workday during the life of this agreement, the *Workhour Workload Report* for all routes, for the previous day, will be posted daily in a convenient location.

As you can see from the above language, the parties have mutually developed a process that is less intrusive and more efficient than a traditional *Route Count and Inspection (RCI)*. The memo is thirty-six (36) pages, so in the coming months, I'll share more details such as the *Consultation Script* and the *Pre-Evaluation Questionnaire* for the *Local Office Contacts*.

**We are back to having
Branch Membership Meetings
at the Hall.**

Hall**

Sergeant at Arms

Clay Hansen

Take 5 With Clay

I went to a Rays game recently and as I read the team's program, I came across the page that had a player feature interview. It's always an interesting read to learn about someone through quick easy questions. That's where I had the idea to start my own "series" featuring members in the Twig. The concept is simple, 5 questions to learn more about our members. I hope to make this a monthly "series" so if you'd like to be featured please answer the 5 questions and email or text the answers to me.

Mark Danna – Pinellas Park

How long have you been a letter carrier? **"6
Years"**

Was there another carrier who helped or influenced your career as a letter carrier?
**"Plenty of people helped me early on, but
can't think of anyone specific."**

Hardest part of being a letter carrier? **"The heat
of the summer!"**

What snack is always in your lunchbox?
"Peanut Butter and Jelly"

Favorite TV show? **"I don't watch much TV but
if I had to pick, Money Heist."**

Again, if you'd like to be featured please reach out through text or email!

**Clay Hansen,
Sergeant at Arms
727-744-2456**

"Mary Lou Jackman - William Corbeau"
2022 Florida State Association of
Letter Carriers Scholarship Application

Al Friedman, President

PLEASE DO NOT CUT OR REDUCE THE SIZE OF THIS APPLICATION, AND PRINT LEGIBLY

Name of Student: _____

Male ☐

Female ☐

(You must select only ONE box. If more than one child is eligible, please use a separate/additional forms.)

Address: _____

City _____ State _____ Zip _____

NALC Branch Name and/or Number: _____

Branch Contact Phone Number: _____

NALC Branch Member's Name: _____

Applicant/Member Phone number: _____

By signing below, I certify the above named member of the FSALC is in good standing.

Signature of Local Branch President or Secretary

Date

(DO NOT CUT THE APPLICATION, MAIL ENTIRE FORM. PLEASE PRINT LEGIBLY)

***** TO QUALIFY, THE FOLLOWING REQUIREMENTS MUST BE MET: *****

- 1) The student must have graduated from an accredited High School or have a GED.
- 2) The Student must be a dependent of a member or the spouse of a deceased member of the FSALC who has not remarried.
- 3) Applicant must enroll as a full-time student in an accredited college or university and submit proof of enrollment to receive the funds if awarded. Winners will be notified by mail. **DO NOT SUBMIT PROOF OF ENROLLMENT AT THIS TIME.**
- 4) **Applications must be postmarked on or by July 1, 2022.** Entries received with a postmark after July 1, 2022 will not be open or returned. Only one application per applicant will be accepted

This scholarship award is based on a random drawing, not on academic records or qualifications. There will be a total of four (4) scholarships awarded - two for female applicants and two for male applicants - each in the amount of \$2000.00. **This drawing will be held during the NALC 72nd Biennial Convention, August 8 - 12, 2022 in Chicago, IL.** Winners will be notified via mail.

FOR FSALC USE ONLY

Auxiliary 181 News
By Dottie Tutt-Hutchinson

Since Joyce Keller inaugurated our lunch meetings, we've come to enjoy the socialization it enhances. So much so, that we had a tea party at our May meeting - just for us! Joyce made her famous chicken salad croissants, a delicious broccoli salad, and a one time only mystery pudding. It incorporated ingredients she brought back from England and others that she dreamed up. We all wanted the recipe, but she had none, it was a creative endeavor. As often happens, Sandy Hart, Sue Elliott, Joyce, and I brought desserts, more than enough!

Our meeting finally began, with us finishing business before our summer hiatus. We'll start up on September 7th, with Alice Wannike hosting. Of course we'll have to get together on July 6th at noon at Freda's restaurant to visit with each other.

Carriers and CCA's who are undergoing
 financial hardship,
 please let us know through the Union
 or by calling Joyce Keller.
 We have a small fund to assist you
 in your time of need.

Shirley Moran and Joyce will travel up north for memorials for their siblings, while Sue will visit Chicago while Denny attends the NALC convention this summer. Joyce's sorority celebrates 91 years of

service, at the downtown Hilton, with Joyce amassing boxes of treats for their goody bags. Of course she's in charge of it!

We send wishes for Diana Keller's speedy and permanent recovery from her car accident, nasty fall, and Covid and Sandy who is still walking with pain and a mobility aid.

Happy June birthdays to Sally Madden (18), Pat O'Donnell (21), and Shirley Moran (25).
 Happy June anniversaries to Susan and Roger Chavez (2) and Alvern and Ralph Brown (14).
 Happy June 19th Father's Day and Juneteenth celebration.

Minutes of MAY 12, 2022 Membership Meeting

**Recording/Financial
Secretary**
Ken Grasso

Meeting called to order at 7:00 p.m. by President Joe Henschen.

Invocation by: O.D. Elliott

Pledge of Allegiance: led by President Joe Henschen.

Minutes of previous meeting: Motion to accept

the April minutes as printed in the Twig by Terry Johnson. Seconded by Eric . Motion passes.

Reading of Official Correspondence: by Ken Grasso: None

Branch by the Numbers: As of PP 9 the Dues Roster has 809 Active Members with 776 paying dues. We have 30 members as No Deductions, 4 are on Military Leave. 4 paying direct, with 16 on LWOP or Break in Service, 10 Carriers have separated or on Break in Service. Retirees 562 (90 Gold Cards) 1371 Total Members, 453 Members in the NALC Health Benefit Plan.

Application of New Members: by Ken Grasso: None.

I would like to welcome Kelly Bins from Absolute Quality Interpreting Services LLC.

Treasurer: Chuck Cavicchio—No Financial Report given.

Director of Retiree Affairs: O.D. Elliott—No Report.

Director of Insurance: Tom Phillips—Telehealth is available to all members. Eyeglass reimbursements are as follows: 5 members, 6 dependents for a total of \$549.00.

Political District 13 Liaison: Tom Phillips—Read Article about the Postal Retirement Fairness Act.

Trustee Report: Brian Andrews—No Report.

Sergeant at Arms: Clay Hansen—No Report.

Editor/Webmaster: Judy Dorris—No Report.

Vice President Report: Zulma Betancourt—No Report.

Executive Vice President: Chris Hubble—USPS and NALC signed a Memo for a Route Adjustment. It is like the previous process but this time no riding along and no office count. Will use historical data that comes from your scanner. 3999 will be achieved through the scanner. Starts in September.

Welfare Reports:

Sad:

- Dorian Sizemore, CCA Crossroads—Had on the

job vehicle accident and required surgery.

- Pamela Carter, CCA Crossroads—Grandmother passed away.
- Melody Fick, Carrier Seminole—Husband had surgery.
- John Sarka, Retiree St. Pete Beach—Passed away.
- Amy Howe, Carrier Seminole—fell and broke her nose and is also having back surgery.
- Bob Brown, Retiree Madeira Beach—fell and broke his clavicle.

Glad:

- Mike Hill, Retiree—Son Alex graduated Summa Cum Laude going into the Master's Program at FSU.
- CCAs promoted to Full-Time Regular:
 - Sam Khamheng—St. Pete Main
 - Joe Mugenski—St. Pete Main
 - Chris Anderson—Gulfwinds
 - Eric Pacheco—St. Pete
 - Joshua Reeves—Ellenton
- Martha Fry, Newly Retired—Ellenton
- Frank Roberts, Newly Retired—Seminole

Presidents Report:

National Convention: We have reserved 21 rooms and will be staying at the Hilton on South Michigan Avenue which is 1.3 miles from the Convention Center and 2 blocks from transportation pickup area. Air Fares are ranging \$640-\$701. It has been decided by NALC that anyone attending the Convention must present a vaccination card in order to be admitted to Convention Center. As a result, 5 delegates have opted out of attending (1 due to not being a paid delegate and 4 others). So, we will be sending 16 delegates.

Food Drive planned for Saturday May 14, 2022. Sandra Pagan is the Food Drive Coordinator in St. Petersburg. Some issues down in Punta Gorda area. President Henschen asked for a motion to assist with breakfast costs for any station that was going to do something like this. Motion made by Terry Johnson, seconded by Eric Short. Motion passes. Funding amount will be determined by the size of the zone.

We tried to get remote locations set up but this year we don't have any set up in St. Pete. Most of the stations will be staffed in the afternoon.

South Branch Meeting had a nice turn out. April's was cancelled but we plan on returning down South

on the 26th.

Lynn Pendleton was down here for the meeting on the New Route Inspection Process and Executive Vice President Chris Hubble is going to be one of the Lead Members in this process.

Executive Board discussed the next COP meeting scheduled this September 25th-26th in Anchorage, Alaska. It was recommended to send President Henschen and take Executive Vice President Chris Hubble also. Motion by O.D. Elliott and seconded by Patrick Jacques. Motion passes.

Annually we must complete up to date I-9 forms. Every employee must complete this form. All Officers and Stewards need to do this. I-9 forms are available from the branch office.

Relative standing lists for CCAs were causing issues of where each person's standing was. It has been addressed and this week the new lists will be put out. There will probably be some questions on it.

Questions still arise about the Juneteenth Holiday however no memorandum has been put out. NALC and the Postal Service continue to hold discussions concerning additional issues related to the observance of this holiday for all City Letter Carriers.

Charges have been brought against a member and this process is governed under Article 10 of the Constitution of Subordinate and Federal Branches. The process involves the signed, written statement of charges of misconduct against the member. This written statement of charges are delivered to the member. The charges will be read tonight by the Recording Secretary and there will be no discussion tonight. President Henschen will select 3 disinterested members to investigate the charges. The duty of the Committee is to find the true facts. The parties have a right to be heard before the Committee. The Committee can interview witnesses and cross examine the members involved, after which they will make a written report of facts to the Branch and present it at the next General Membership meeting. At that time the member is able to defend themselves before the Branch before a vote is taken. The Branch will vote by simple majority whether the facts submitted by the Committee sustains the charges. If the Branch decides to sustain the charges, the Branch will entertain a motion to fix a penalty if that be required.

Motion to adjourn.
