

Hi everyone and happy holidays!

Things are pretty slow here in Michigan.

My main focus right now is getting people to sign the petition that Megan put out.

I was very disappointed to see there were

only 43 sign on! I immediately got on the phone and internet to anyone and everyone

I knew to change that number!! So far it's

working. Happy to say the number is rising!!

As far as bills we had success in getting that turned down. This was a bill to restrict the medical coverage for everyone.

We have a new bill that just got voted out

of committee this past week bill number is

SB 575. This is to help raise money for awareness and training though our drivers license endorsements and renewals.

Last the raising of the handle bar height from

15" to 30" hasn't gone any further yet. But that won't stop us.

I'll take a minute to thank Megan and Jay for agreeing to come to Michigan's seminar in January. Everyone is excited to hear what they have to say! Thanks

Lastly HAPPY HOLIDAYS EVERYONE SEE YOU NEXT YEAR!!! Make a new year resolution to join MRF and don't break this one.

Jinx Michigan State Rep.

ABATE Board member and region13 RC
