

**Rescheduling of Mining Indonesia 2021 to 17 – 20 November 2021**

Dear Valued Partners,

After careful deliberations with key industry stakeholders, exhibitors and suppliers, PT Pamerindo Indonesia has taken the difficult but necessary decision to reschedule the next edition of **Mining Indonesia** from 15 – 18 September 2021 at the Jakarta International Expo (JIEPO) to **17 – 20 November 2021** at the same location. The show will be co-located with Construction Indonesia, Concrete Show South East Asia, Electric & Power Indonesia, and Oil & Gas Indonesia under the Indonesia Energy & Engineering Exhibition Series.

We believe that the revised dates in November 2021 and consolidation of shows will better meet the needs of our exhibitors and visitors and to facilitate conditions for more effective business engagement.

Please accept our apologies for any inconvenience caused by this rescheduling. In the meantime, our team will also be launching additional communications and digital opportunities to aid the mining & energy industry and to keep up-to-date leading up our event.

We wish to thank your participation and continued support of our shows and we greatly appreciate your understanding in these unprecedented times. Our sole focus remains to provide a safe event of enhanced quality, with more exhibitors and qualified trade buyers to make your participation a huge success.

Should you have any questions or concerns, please contact your team at the following : -

We look forward to seeing you again in November.

Thank you.

Best Regards
