Corporate Sponsorship Program

Dear Friend of the Flushing Band & Orchestra Boosters,

Since 1974, the Flushing Band & Orchestra Boosters has operated as a parent-run 501(c)3 non-profit organization supporting the instrumental music programs within the Flushing Community Schools. The Boosters provide financial and volunteer support for the Concert Band, Wind Ensemble, Orchestra, Jazz Band, Winter Guard, and the Flushing Raider Marching Band. Hundreds of students participate in these groups and gain a life-long benefit through their education in the performing arts.

The success of these programs is made possible through the collective effort of many dedicated individuals who provide an exceptional learning environment for our young musicians. Our students are dependent on the support of our boosters and community partners.

We are continuing our Corporate Sponsorship Program in which we are asking local businesses and community groups to consider partnering with the Flushing Band & Orchestra Boosters by making a financial donation. We hope you will consider supporting this program.

Corporate sponsors will be recognized and promoted, based on the level of their contribution. For details on how your donation will be acknowledged, please refer to the attached sponsorship form. The continued excellence of the instrumental performing arts program in Flushing relies on the generous support of our donors.

We thank you for your consideration of our request and look forward to your partnership to help us continue the outstanding music programs in our community.

Sincerely,

Jim Bentley
President
Flushing Band & Orchestra Boosters
