

Milk Program

Milk is provided each day for a nominal fee. Families can either purchase milk on a daily basis for \$0.40 and send the money in each day with their child or pay for the entire year up front. The cost for the entire year is \$50 which provides a 30% savings vs paying daily. For families who choose this option, a milk card will be issued for each child that will be turned in daily to receive one pint of milk. **Please make checks payable to TLCAS.**

____ We will purchase milk on a daily basis by providing \$0.40 per day.

____ We would like to purchase the milk program for the entire year at \$50 per child.
