

CLAN YOUNG TARTAN FACTS

Clan Young sanctions two tartans for making kilts

Clan Young modern and Clan Young weathered

Modern Clan Young

Available in:

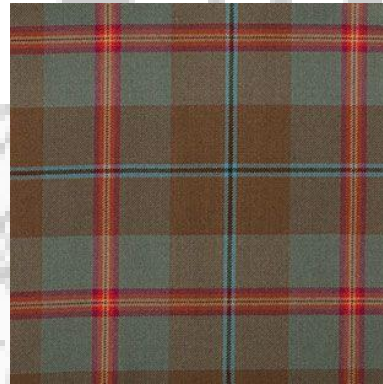

10-ounce, Reiver lightweight

16-ounce Strome heavy weight

Weathered Clan Young

Available in 13-ounce Braeiach medium weight

Clan Young members traditionally use these tartan fabrics woven by

LOHCARRON-OF-SCOTLAND

The heavy weight is considered to 'swing' better than lighter weight tartan fabrics.

The weathered pattern is intended to simulate an aging tartan fabric.

Be sure to specify that you prefer Lochcarron Tartan Fabric when ordering a kilt.
