

Some Things are Meant to Be

The way the sun comes up
The way the sun goes down
The way this old world just keeps spinning 'round
The way the rivers flow into the sea
Some things are meant to be
And, I fell for you
And, you fell for me
Some things are meant to be

Love is like a river
The rain set free
Flowing where ever
It wants to be
And I don't know where it's taking us
But I guess we'll see
Some things are meant to be
And I love you
And you love me
Some things are meant to be

And a boy like me
Needs a girl like you
It's the only way to get through
And a girl like you
Needs a boy like me
Some things are meant to be

I look into the mirror
And can't believe what I see
Who is that strange old dude
Looking back at me?
Well, nothing's really different
It's still the same old me
Guess that's the way it's supposed to be
And I'm still in love with you
And you're still in love with me
Some things are meant to be
