

FINANCIAL ASSISTANCE SUMMARY

As part of its mission and commitment to the community, Falls Community Hospital and Clinic provides financial assistance to patients who qualify for assistance pursuant to FCHC's Financial Assistance Policy (FAP)

ELIGIBILITY REQUIREMENTS:

All patients are eligible to apply for financial assistance including those with insurance. Established discount guidelines are utilized to determine what amount, if any, will qualify for financial assistance.

Generally

Patients with family income at or below 100% of the Federal Poverty Guidelines (FPG) will receive a discount on clinic services with additional co-pay. Patients with family incomes at or below 200% of FPG are eligible for a 100% discount on inpatient hospital services.

When a patient's circumstances do not satisfy the requirements under the established discount guidelines, a patient may still be able to obtain financial assistance. In these situations, FCHC representatives will review all available information and make a determination of the patient's eligibility for financial assistance.

There is no assurance that the patient will qualify for financial assistance. English, Spanish and certain other language versions of this communication, the FAP and the FAP application are available upon request.
