ProXL has it covered from start to finish

PREPARATION	CODE	SIZE	PRODUCT DESCRIPTION & BENEFITS	
	PLASTIGRIP	500ml		<p>PLASTIGRIP is an advanced adhesion promoter for most types of plastics and can be over coated with topcoat after just 30 minutes.</p> <ul style="list-style-type: none"> • Outstanding plastic adhesion promoter • Overcoatable with any topcoat • Very fast drying • Clear film • Supplied with 2 nozzles
	PROGRIP	500ml		<p>PROGRIP is a ready to use universal adhesion promoter for all body surfaces such as: plastics, aluminium, galvanised, zinc, fibreglass, body fillers and painted surfaces. Replaces abrasion for difficult access areas.</p> <ul style="list-style-type: none"> • Overcoatable with any topcoat • Fast drying • Clear film • Supplied with 2 nozzles
	PROCLEANER	500ml		<p>PROCLEANER is an efficient and reliable antistatic cleaner for all interior and exterior plastic car parts, removing dirt, grease, oil, silicone, wax, tar, adhesive residues etc.</p> <ul style="list-style-type: none"> • Excellent cleaning of plastic parts • Antistatic formula • Removes silicone, grease, wax, oil, dirt etc. • Supplied with 2 nozzles

PRIMERS	CODE	SIZE	PRODUCT DESCRIPTION & BENEFITS	
	PROETCH	500ml	 	<p>PROETCH is an etch primer that gives the ultimate adhesion direct onto many difficult substrates including alloy, stainless steel, zinc and galvanise the final surface is a super smooth non-porous finish that is suitable for any topcoat.</p> <ul style="list-style-type: none"> • Outstanding etching properties • Excellent anti-corrosive properties • Fast drying • Super smooth finish • Supplied with 2 nozzles
	PROWELD	500ml		<p>PROWELD is a zinc aluminium welding primer, suitable for repairing damaged galvanising. It provides outstanding corrosion protection and is resistant to high temperatures.</p> <ul style="list-style-type: none"> • Weld through primer with excellent adhesion • Very good cathodic corrosion prevention • Resistant to petrol, chemicals and weather influences • Compatible with SPOT, MIG and TIG welding methods • Supplied with 2 nozzles
	PROWELDC	500ml		<p>PROWELDC is a copper welding primer, fast drying, excellent conductivity. SPOT MIG or TIG weldable, high adhesion on metal surfaces.</p> <ul style="list-style-type: none"> • Fast drying • Excellent conductivity • Spot, MIG or TIG weldable • High adhesion on metal surfaces • Supplied with 2 nozzles
	PROZINC	500ml	 	<p>PROZINC provides excellent adhesion and corrosion prevention. Quick drying. Formulated for refinishing of OEM plated zinc-coated car bodies</p> <ul style="list-style-type: none"> • Fast drying • Excellent corrosion protection • High adhesion on zinc coated surfaces • Supplied with 2 nozzles
	PROALU	500ml	 	<p>PROALU provides excellent adhesion and corrosion prevention. Quick drying. Formulated for refinishing of OEM plated aluminium car bodies.</p> <ul style="list-style-type: none"> • Fast drying • Excellent corrosion protection • High adhesion on aluminium surfaces • Supplied with 2 nozzles
	1K EPOXY	500ml		<p>PRO 1K EPOXY primer gives an excellent adhesion direct on to bare metal and has active rust preventing pigments that provide excellent corrosion resistance. It is also suitable as a welding primer and is very quick drying.</p> <ul style="list-style-type: none"> • Fast drying • Excellent corrosion protection • High adhesion on zinc coated surfaces • Supplied with 2 nozzles • Can be used wet-on-wet
	PRO2KPRIME	200ml and 500ml		<p>PRO2KPRIME is a 2K primer-filler that can be applied to a wide range of substrates with outstanding adhesion and sealing properties. It is very quick drying and isocyanate free.</p> <ul style="list-style-type: none"> • Genuine 2K high build primer filler • Excellent adhesion to a wide range of substrates • Very quick drying

CODE	SIZE	PRODUCT DESCRIPTION & BENEFITS	
PLASTI-COLOR	400ml		<p>PLASTICOLOR is a durable coloured coating that adheres direct to most plastics. It is fast drying and easy to blend out for an excellent finish on all exterior and interior hard plastics.</p> <ul style="list-style-type: none"> • Excellent coverage • Easy blend out • Colour matched to current bumper colours • Fast drying
PROTEXB Black	500ml		<p>PROTEXB/C are premium textured coatings restoring the structure of repaired plastic surfaces. Choice of two nozzles to allow the applicator to achieve the desired effect from the same aerosol.</p> <ul style="list-style-type: none"> • Spot repair for all plastics • Very durable finish • Easy and quick to use • 2 nozzles for a fine and coarse effect • Suitable for interior and exterior
PROTEXC Clear			
CF4002K	400ml		<p>CF4002K pre-gassed aerosol developed to be filled with 2K acrylic or PU topcoats. The product also contains an isocyanate activator providing the ultimate 2 pack performance from an aerosol.</p> <ul style="list-style-type: none"> • Simple, time saving application • Excellent atomisation • Provides optimal quality with respect to gloss, curing, weather and chemical resistance • Fitted with the unique ProXL vari nozzle technology

COLOUR

CODE	SIZE	PRODUCT DESCRIPTION & BENEFITS	
PROCLEAR	500ml		<p>PROCLEAR is a high performance 1K lacquer which gives a crystal clear finish that can be applied over all water and solvent based basecoats and is ideal for smart repairs.</p> <ul style="list-style-type: none"> • Ultra gloss finish with excellent gloss retention • Superior build • Fast drying • Supplied with 2 nozzles
PROSATIN	400ml		<p>PROSATIN and PROMATT are high performance 1K lacquers giving a crystal clear finish. They can be applied over solvent based basecoats and are ideal for smart repairs.</p> <ul style="list-style-type: none"> • Two nozzles for your convenience • Fast drying • Excellent flow and ease of polishing • Supplied with 2 nozzles
PROMATT			
PRO2KCLEAR	200ml and 500ml		<p>PRO2KCLEAR is a superior high gloss crystal clear finish that has excellent gloss retention. This product is easy to activate and apply with mechanical polishing possible after 24 hours.</p> <ul style="list-style-type: none"> • Genuine 2K isocyanate lacquer • UV and petrol resistant • Brilliant gloss retention • Very scratch resistant • Gives a spray gun finish every time

LACQUER

Plasticolor kit offers smart repairs on plastic trim keeping cash inhouse, increasing turnover. Easy Colour ID swatches - decreases process time on the job

- 9 x Plasticolor Aerosols
- 1 x Plastigrip
- 1 x ProTexB
- 1 x Plastifill
- 1 x Plasticolor Swatch
- 1 x ProXL T-Shirt

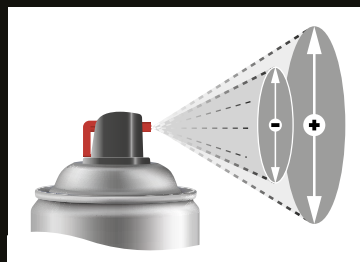

ProWheel complete OEM wheel refinishing aerosol system

- 2 x 20 colors
- 2 x Grey Undercoat
- 2 x Black undercoat
- 2 x Alloy wheel primer
- 2 x 2K Wheel Clear Coat

The Unique Vari-Nozzle

UNIQUE VARI NOZZLE TECHNOLOGY

Many of our aerosols are fitted with the new unique Vari-nozzle that gives the ultimate fan size adjustment in both horizontal and vertical positions.

Vertical Position

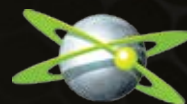

Horizontal Position

The New Ultra Range

CODE	SIZE	PRODUCT DESCRIPTION & BENEFITS	
ULTRAGRIP 	500ml		<p>ULTRAGRIP is technically advanced adhesion promoter that has excellent grip to virtually any substrate, has been tested on the following: Many types of plastic, any non-ferrous metal including aluminium & stainless steel, also glass, porcelain and E-coat substrates.</p> <ul style="list-style-type: none"> • Vari nozzle technology • Nanotechnology • Unbeatable adhesion • Clear very low film build
ULTRABUILD 	500ml	 <div> <p>Black </p> <p>Grey </p> </div>	<p>ULTRABUILD is a unique high build primer/filler providing excellent adhesion to many difficult substrates including plastics and aluminium. Dries fast and can be over coated with water and solvent based paints.</p> <ul style="list-style-type: none"> • Vari nozzle technology • Ultra high build per coat • Excellent flow • Resistant to panel wipe
ULTRACLEAR 	500ml		<p>ULTRACLEAR is the ultimate 1K lacquer giving excellent flow and build with a crystal clear, U.V. resistant finish. Compatible with waterbased base coat. Drying time of 30-60 minutes. Can be mechanically polished after 24 hours.</p> <ul style="list-style-type: none"> • Vari nozzle technology • Superior 'flow out' giving super gloss finish • Easy to apply • Polishable
ULTRABLEND 	500ml		<p>ULTRABLEND is a technically advanced blending clear, that dissolves the edges of clear coats and solid colours. Can be used with HS and MS coatings. Ideal for smart repairs. 100% U.V. stable. Drying time of 15-30 minutes.</p> <ul style="list-style-type: none"> • Vari nozzle technology • Outstanding blend out
