

Cabo San Lucas Golf Adventure

Pueblo Bonito Pacifica – Los Cabos, Mexico

January 20 – 27, 2025

Event Details:

Cabo San Lucas has become one of the most popular vacation destinations in North America and it's also known as the Golf Capital of Mexico. We were in Los Cabos with four groups this year and had the chance to inspect a new resort and a couple newer golf courses. We did this because we learned that Casa de Campo is closing their Teeth of the Dog Golf Course in 2025 and plan on doing major renovations to some of the dining outlets. We won't return to Casa de Campo in 2025 and want to find SFGA members the perfect golf getaway venue... We found it!!! An **Award-Winning All-Inclusive, Adults Only resort overlooking the Pacific Ocean**, the luxurious **Pueblo Bonito Pacifica Golf & Spa Resort**. This 201-room hideaway features four restaurants, a wellness-inspired Spa and Fitness Center and direct access to a private beach and one of the world's most spectacular golf courses, Quivira Golf Club. As an added bonus, our SFGA members will stay in the resort's upgraded Ocean View Suites. Everyone will fly into Los Cabos International Airport (SJD) and transfers to/from the resort and golf courses will be included.

Golf will be played on two of the very best courses in Los Cabos. We'll play two rounds on Quivira GC, #1 on the Baja Peninsula and listed by Golf Digest as a top 100 Worldwide and #1. It's the most spectacular course in Mexico, with several holes playing along widened cliffs overlooking the Pacific Ocean. We'll also play two rounds on what we believe is Greg Norman's finest design, Solmar Golf Links. It's an absolute seaside gem that meanders through a coastal dune complex to the ocean. Both of these golf courses include Comfort food stations providing complimentary food and drink refreshments during each round. ***Don't miss out - register today! ***

Package Inclusions:

- 7 Nights in a Ocean View Suite at the luxurious Pueblo Bonito Pacifica Golf & Spa, All-Inclusive, All-Adult Resort

Golf Course Information:

Quivira Golf Club is a private course created as an exclusive amenity for owners and guests of Quivira Los Cabos and Pueblo Bonito Resorts and Spas. The award-winning Quivira Golf Club is a Jack Nicklaus Signature Design course, built on one of the most stunning settings in the world: the tip of the Baja Peninsula. Its world-class layout offers dazzling views and breathtaking drops from tee to fairway. In a destination revered for its unique ocean-desert-mountain setting, Quivira offers more oceanfront exposure than any other course in Los Cabos, with panoramic views of the Pacific Ocean from every hole.

This epic golf layout etched across a breathtaking Land's End site at the tip of the Baja Peninsula, has received a 2023 Golf Digest Editors' Choice Award in the 'Best Mexico & Central America' category. This is the eighth consecutive year the club has been singled out for recognition by the sport's most respected and widely read publication. And Quivira also made Golf Digest's prestigious list of World's 100 Greatest Golf Courses. Quivira is widely considered Mexico's best and we are fortunate to include it on our golf itinerary for two rounds. Our golfers will also enjoy several on-course refreshment stations with complimentary food and beverages offered during your round.

Solmar Golf Links is the course formerly known as Rancho San Lucas, a Greg Norman-designed 7,120-yard, 18-hole championship-caliber course bordered by the rolling waves of the Pacific Ocean.

This world class layout has a handful of holes on the beach, notably the par-3 third, which parallels the sea and will give players fine views of breaching whales during the winter months. There's also a signature island green at the par-3 17th hole.

One of the defining characteristics of the links-style course is its revetted pot bunkers. These sharp-edged, steep-walled sandy pits are the product of a British company that uses recycled materials to construct golf bunkers. Built from reprocessed artificial turf, the fairway and greenside bunkers at Solmar Golf Links are nearly identical to the natural sod-walled bunkers found on British seaside links courses. They lend Norman's first 18-hole course in Los Cabos a distinctive look.

Our golfers will be sure enjoy the club's two on-course comfort stations, each accessible twice, serving complimentary Mexican fare and refreshments. We love that Solmar allows golfers to enjoy a relaxing, all-inclusive experience during both rounds we play there. This is a course you won't want to leave!

Like past trips to Los Cabos, the golf courses are a short drive from the hotel. Quivira is about 10 minutes drive in a shuttle van from the lobby and Solmar is about 25 minutes drive. Over the last 22 years we've had the pleasure of organizing golf trips and playing a lot of great courses. We think these two modern courses are among the very best! Our participants will love the scenic layouts coupled with outstanding conditions and service. These venues provide an overall step up in terms of player experience. When you combine the golf with the award winning resort, this will be a trip you won't want to miss!
