ATTENDANCE POLICY

Students are asked to contact the school immediately if they will be late or unable to attend class.

Attendance Policy for Certification Programs:

Attendance will be recorded for each class. Fifteen minutes late is considered tardy and consistent tardiness must be made up. It is the student's responsibility to make up missed time which may include setting up a meeting to go over what that student has missed with a staff member, as well as acquiring any handouts and homework that may have been assigned. Students who fail to maintain satisfactory attendance will be counseled. Attendance will be deemed unsatisfactory if more than 60 hours are missed. If attendance fails to improve, the Director may dismiss a student for unsatisfactory attendance. Re-admittance may be permitted if the cause for unsatisfactory attendance has been corrected.

Students must attend or satisfactorily complete all instructional hours. Applicants for CAMTC certification shall have attended 500 supervised hours total with 100 of those hours satisfying CAMTC specified subjects. When unable to attend, the hours that are missed must be made up and approved by Student Services for satisfactory completion. Students that are missing hours will not receive their certificate until all hours and class work is completed. Lost attendance hours must be made up as described below.

Students may make up lost attendance hours by:

- a) Per approval: Students attending the missed class(es) must pay a make-up fee at a rate of \$10.00/hour.
- b) All make up hours MUST be completed at Fair Oaks Massage Institute.
- c) All make up hours must be completed during the week and not at a weekend workshop. This means that you may have to wait for your class to cycle through when the topic is offered again.
- d) If a student misses hands on bodywork practice, they may make up hours by doing clinic massage. There will be no charge for students to do clinic massage on the public for make-up hours. Students can bring friends and family to work on but they need to pay for the clinic massage. The clinic is subject to availability.

Attendance Policy for Non-certification programs:

Students must attend or satisfactorily complete all instructional hours for non-certificated programs or workshops. When unable to attend, the hours that are missed must be made up and approved by Student Services for satisfactory completion. Students not meeting the attendance requirements will not receive a certificate of completion unless they are able to make up hours when the class is offered again at a make-up fee rate of \$10.00/hour.

PROGRESS REPORTS AND GRADING

Our school's grading system is a pass/fail at 70% for each individual exam. Students must score 70% on all examinations to pass the course, including written and practical examinations.

If a student does not return to complete the program after a leave of absence of one year, a refund will be calculated if they have completed 60 percent of the program or less, within 45 days of the one year LOA date. If more than 60 percent of the program was completed, no refund is available.

STUDENT TUITION RECOVERY FUND DISCLOSURE

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, CA 95834; (916)574-8900 or (888)370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

UNFAIR BUSINESS PRACTICE

California state law states that:

(a.) It is an unfair business practice for a person to do any of the following:

1. To hold himself or herself out or to use the title of “certified massage therapist,” or any other term, such as “licensed,” “certified,” or “CMP,” in any manner whatsoever that implies or suggest that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the council pursuant to this chapter.

2. To falsely state or advertise or put out any signor card or other device, or to falsely represent to the public through any print or electronic media, that he or she or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.
(b.)In addition to any other available remedies, engaging in any of the prohibited behaviors described in subdivision (a.) constitutes unfair competition under section 17200.

STATE CERTIFICATION

The California Massage Therapy Council (“CAMTC”) was created to implement a statewide certification process with clear standards of preparation and education.

Certified Massage Therapist(CMT) – Students are required to complete at least 500 hours of massage education and training at CAMTC approved massage therapy school(s),which shall not be online or distance learning, unless preauthorized under special circumstances by both the CAMTC and BPPE . Of those 500 hours, a minimum of 100 of those hours must be anatomy and Physiology, contraindications, health and hygiene, and business and ethics.

On September 19, 2018, the Governor signed SB 1480 into law. Among other things, this bill changes the Massage Therapy Act so that starting on January 1, 2019 through December 31, 2020, passage of a CAMTC approved exam will not be required for CAMTC Certification.

Additionally, on September 30, 2020, the governor signed SB1474 which will, among other things, once again, delay the requirement to pass a CAMTC approved exam through December 31, 2021.

See <http://www.camtc.org> for more information regarding the state certification process.

BODY WORK INSURANCE

All students need to have Body Work (Malpractice) Insurance in order to start student clinic massages. Our students are eligible to apply for bodywork insurance through the American Massage Therapy Association (AMTA): 877-905-0577, www.amtamassage.org, email: info@amtamassage.org. However, students are free to choose any bodywork insurance carrier.

BUSINESS LICENSE

After certification, students are eligible to apply for business licenses by contacting the city/county for which they are planning to work in. The requirements vary depending upon the county that the student is intending to work; so, inquiring to the specific area of where the student is looking to work is imperative.

FINANCIAL ASSISTANCE

- 2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.
