

THE TRUMPETER

Trinity Lutheran Church, LCMS

JULY 2025

The long green season of the church year is upon us – the Sundays after Trinity. It is a season of growth. The green paraments reflect what the vegetation has been doing in the ample rains we have been getting. Growth. We listen to the words of Jesus and grow.

Growth is slow. It's not flashy or loud. Day by day, with steady sun and rain, the crops grow. As with the steady hearing of God's word, taking it to heart, and prayer – we grow.

Jesus in His parable of the Sower and the seed, shows how God steadily provides growth through strong roots and nourishment. In this example we see God is faithful. He causes growth. He brings in a bountiful harvest.

This summer, come to church, return to the basics of your faith, and grow. God is faithful. Just as He sends the summer sun and rain, so He gives you His word, and by the Holy Spirit, growth.

In Christ,
Pastor

Sunday Schedule
