

Be a 'Character Champion'!

Be a 'Character Champion'!

Be a leader in creating a community distinguished by the excellent character of its citizens.

Inspire, Motivate, and Recognize character excellence.

Character Champions are organizations, businesses, groups, and individuals that demonstrate excellence in character and/or promotion of Community of Character traits and initiatives through action and resources. They are promoters, ambassadors, volunteers, Citizens of the Month, any many other contributors to our community. Make a difference by committing to and demonstrating excellent character and service.

Why Become a Character Champion?

- 'Character Champion' designation identifies you as a leader in the community. It shows 'action', not just words.
- You'll need to be a 'champion' to keep up with the growth and direction of our community.
- Incorporating character excellence is at the core of success in everything we do. It improves results.
- It demonstrates the importance of moral and performance character and your commitment to community, employees and others.
- Cultivating character leads to a better quality of life.
- Because 'Character Matters'!
