Port Office – 100 Port Island Rd.
Arlington, OR

1. The Port of Arlington Commission meeting was called to order at 5:05 pm by President Wilson.

2. Public Comment on non-agenda items- Kathryn Greiner thanked the Port for responding to her Public Records request in a timely manner. Kathryn stated that she feels the Port should be more transparent. Kathryn also stated that she would like the Board to go back and edit the October minutes and state what company the Board approved for payment in the amount of \$77,151.00. Kathryn said that from the time she put in her request to serve on the Board she has reviewed the Port's minutes for the past year and feels the Board has went into executive session at every board meeting and when coming out of executive session there is no action or projects. While she understands the need for executive session she states the Board needs to make the Port's plans more public to receive public support. Kathryn said she has heard rumors about several projects the Port might be looking into.

Kathryn also gave the Board an update on the Condon Airport water and sewer plan. (Pauling Field) The Department of Aviation just finished their Master Plan thru 2022

### 6. Hanger Building

This facility will be in addition to Arlington Towing and Repair facility on Highway 19 that he operates with John Salle assistance. Paul Jayo needs three phase power to be installed. Consensus is to put a lease agreement together at \$1,250.00 per month for the first year. The second and third years at \$1,500.00 per month. Option for two additional three year terms. Commencing on the first day of any extension term and thereafter, the lease shall increase 3% annually from the prior year rental rate. Arlington home.

Fuel sales are even with last year dollar wise, but the Port had 15% more customers. The Port did not get an opportunity to fuel any cruise ships this year with diesel as we did last year, so diesel sale are below last year's sales.

The Port did not get approval for Island Park water and sewer line extension grant request from Gilliam County. The Port will move forward on the bathroom project without including the extension project.

Water has been a big topic around the state lately. EDO Mitchell attended several meetings where the central topic was around water infrastructure, water visioning, and water planning. Oregon is preparing a 100 year water vision and is holding community conversations. Gilliam County Soil and Water Conservation district is deep into a place base study of the Lower John Day Basin. # Port Manager/ Economic Development Report December 10, 2019

The Port of Arlington's mission is to support the creation, retention, expansion, and recruitment of businesses and jobs that will enhance the economy and quality of life of Gilliam County.

This report covers recent activities of the Port of Arlington including developments at Arlington Mesa, Island Park and Willow Creek industrial parks.

#### Administration

Microsoft will no longer be supporting Windows 7 which makes it a good time to upgrade to Microsoft's newest operating system and for the Port to upgrade the Admin office computer. End of year computer sales make the switchover a very reasonable proposition.

#### **Railroad Avenue**

The Watco Depot building project has received its building permit. Yea! This effort was a long time in the making. Congratulations to China Creek, Watco, and Pillar Consulting for their hard work, patience and persistence in bringing this project to fruition. Ground breaking will occur soon!

#### **Economic Development**

Construction work has slowed considerably off the hectic pace from this summer with the completion of the Montague Wind Farm, I-84 paving overlay project, and others. Many local businesses reported record sales this summer. This pace has quickly slowed. This holiday season please remember to shop and dine locally.

The City of Arlington's sidewalk project is advancing nicely with work crews pouring concrete as fast as possible. The Port assisted the City in acquiring the grant with strong support from Representative Greg Smith. The new sidewalks will be a very nice addition to the city and give students safe pathways to school.

Staff worked with tenant on upgrades to Hanger building to accommodate his business needs.
