

## Ice cream dessert 12" quilt block

### Fabrics:

Foundation: Neutral color fabric

Bowl - 3 pieces/triangles of the same color fabric (teal on the picture) for each block

Ice cream dessert - 9 different colors of 2 ½" squares

#### **For the foundation** (neutral color):

A - Cut 4 7/8" square in half diagonally. You will need one triangle for this block.

B and E - Cut 2 strips 5" x 9 ½"

C and D - Cut 2 strips 2 ½" x 8 ½"

#### **For the bowl** (teal color on the image):

A - Cut 4 7/8" square in half diagonally. You will need one triangle for this block

B and E - Cut 2 strips 5" x 9 ½" diagonally: first strip from left to right, the second strip from right to left.

From this you will have two sets for 2 blocks.

Note: You can use batik, which has the same color on both sides, so when you cut triangle diagonally, you can simply flip it over to have two mirrored triangles.

#### **For the ice cream:**

Cut 9 pieces of 2 ½" squares of different colors.
