

CCE18 Front

## VectorPak™ EIA-type Enclosed Subracks

VectorPak™ CCE series fully assembled card cage enclosure are an economical way to enclose our EIA-series subracks described on pages 43 & 44.

Included are top and bottom covers and front and rear hinged door panels that secure neatly with thumbscrews. Lanyards installed front and rear, Vector HA12 or HA13 handles and dress panels included. VectorPak™ series CG2 card guides sold separately on page 48.

CCE18 Rear

Vector offers custom modifications to any CCE series subrack including the addition of front/rear panel cut outs, addition of fans, powder coating, silk screening, etc., contact [inquire@vectorelect.com](mailto:inquire@vectorelect.com). Please allow an extra 0.12" additional height over the total standard "U" height. (e.g. 3U subrack is 5.23" + 0.124" = 5.354" high)
