

# GATES OF ORION

## HEAVENLY ZION PATTERN OF EARTHLY JERUSALEM

The Temple Mount is orientated based on the Orion Angles, as is the Heavenly Jerusalem, with the Belt 3-Star Alignment on the Temple Mount. The Orion Outline is Configured to match the major Gates and Fortifications. Astonishingly, the Bow of Orion is the Ley Line of where the exact Spot Jesus was Pierced by the Lance on the Cross. On the Temple Mount, there is a Mosque, a Church, now al-Aqsa and the 'Synagogues' or the Temple that once stood and will again. The Old Jerusalem Ley-Lines Correlate with the Constellation of Orion that Heaven is perhaps laid-out with as well. The Constellation of Orion is also directly associated with the Great Pyramid of Giza. The King's Chamber directly aligns with the Holy of Holies. The Queen's Chamber aligns with the Court of the Women. And the 'Pit' aligns with the Kidron Valley Entrance through the Golden Gate. What is also notable, is that the Celestial Equator becomes the Direct Ley-Line that intersects the very Spot that one Conjectures is where the Holy of Holies once stood and will again. This is over the Dome of the Spirits or Tablets, just north of the Dome of the Rock. Then the Orion Nebula, where the Member of Orion is positioned corresponds to the Tomb of Absalom, down in the Kidron Valley. The Torch of Orion matches the Silver Gate Position of where the City Tower is at, and its Color is 'Silver', etc.

There are many who believe that the Constellation of Orion is the Gate-Way or Star-Gate to the actual Place or Dwelling of the Creator, YHVH. If Orion is a 1 of the 'Gates' or a Portal into such a Dimension, it would explain why in particular, Jerusalem is laid-out with such exacting Celestial Attributes. The City's Main Gates Correspond to the Major Stars of Orion. And again, how the Temple Mount with its 3-Domes of 3 Colors, thus Corresponds to the 'Sun, Moon and the Stars', and the 3-Stars in Orion's Belt Alignment.

### DIVINE ALIGNMENTS

If the Great Pyramid Pattern is Encircled in Proportion to the Angles, the Old City of Jerusalem's Walls will Encompass the Slope of the Great Pyramid, starting from the Pyramid Apex and to the Shaft Alignment to the North Star Angle of Polaris in the Little Dipper. Conversely, the Orion Alignment of the Great Pyramid, in the South will be in the same Proportion of the Old City, when the Orion Configuration is flipped and rotated 90 Degrees. The Alignment perfectly matches the overall Great Pyramid Layout of the Great Pyramid, Superimposed on the Greater Jerusalem city Grid. Astronomically, when the North Star is made the Focal Point of the 4 Celestial Cardinal Directions, the 'Serpent' Draco, depicts the Snake on the Pole that Moses lifted-up in the Wilderness. Jesus said He must be lifted up on the Cross, as He was. It is the Motif of the Cursed Serpent that became a Blessing
