

JULY 2018 NEWSLETTER

Our skin needs special care when exposing it to the sun! Vitamin C can also help fend off the signs of aging because of its vital role in the body's natural collagen synthesis. It helps to heal damaged skin and, in some cases, reduces the appearances of wrinkles.

NOURISHING & HYDRATING VITAMIN C FACIAL

Treat your complexion to our signature European style Vitamin C ampoule facial. Of course we have all the regular bells and whistles — exfoliation, pore cleaning as needed, a moisturizing hand treatment, a relaxing face, neck and shoulder massage, and a hydrating honey and coconut mask.

If that weren't enough, we are adding a 10 minute session of our Sonic Lift or Rejuvalight treatment — your choice. \$83 (Reg. \$93)

You may also add any other of our add ons from our menu to this facial for additional cost.

HELP! I CAN'T REACH MY ITCHY BACK!

Get rid of that dry, itchy back ... add an exfoliating back scrub to any one hour massage or full facial. We use a sugar or salt scrub and follow up with a nourishing body oil or lotion. \$15

THE EYES

We all want our eyes to POP! And we all want to “keep it simple” in the summer months. Let us help you achieve both of those objectives with our client preferred lash and brow tint. Our vegetable-based dye, mixed to match your hair and skin color, is specially formulated for the sensitive area around the eyes and will define and refine your eyes without the fuss of applying mascara and brow pencil.

This month ONLY:

Lash Tint \$20 (reg. \$25)

Brow Tint \$15 (reg. \$20)

Thank you for your continued patronage of
