

ANOINTED PROPHETIC PREACHING

"Communicating to others what is in our mind simply by our mind can produce no spiritual results whatever." Watchman Nee, "Spiritual Man" Vol.2, p.166

Let it be clearly said - what you say for God by the aid of your mind alone completely lacks the power to perform the necessary transformation in your hearers, and if so, why preach, unless you are going to learn to do so by the prophetic impetus of the Spirit.

1. The Mind can function **Apart** from the divine inspiration of the Holy Spirit.
2. Real transformation takes place as the preacher preaches **Prophetically**.

Practical Tips for Prophetic Preaching

1. Ask God for a **Specific** Word to preach and wait until He gives it before you build your message.
2. Build your message around two things:
 - a. His **Leading** - The **Anointing**.
 - b. Homiletical **Form** - The **Structure**.
3. The **Anointing** + **Structure** = What fire is to wood, what gasoline is to an engine, what plutonium is to a nuclear bomb.
4. As you preach, keep the **Prophetic** element gained in prayer working in your mind through every point.
5. Know your **Material** well enough to relax before the Anointing.
6. Allow the Anointing **Liberty** as you preach so that you are inwardly aware of following it, not it trying to follow you.
7. Be **Patient**; sensitivity to this takes time.
8. Be a **Clean** vessel. The prophetic anointing is easily disturbed and its flow dammed up.

9. If the flow is dammed get alone with God and ask **Specifically** for what has dammed it. The Holy Spirit will impress your mind with the specific log jamb.
10. **Confess** and clear away the jamb and let confidence and boldness return.
11. Reject every thought of **Worry** or **Fear** that would block boldness. It takes boldness to maintain the flow.
12. All through the message concentrate on the **Prophetic** element and reject any thought that would seek to break the concentration.
